

Louisiana State Legislature

2005 Media Credentials

Since Louisiana State Police no longer issues media identification cards, members of the news media planning coverage of the Louisiana State Legislature should obtain credentials from the legislature prior to the 2005 Regular Session which begins April 25, 2005. Previously issued credentials and media identification issued by other entities are not valid. To apply for credentials, complete the application form and return by fax to 225-219-4380. Once the application is verified, you will be notified to appear in person at the House Sergeant at Arms office (State Capitol, B183) to be issued a photo ID.

If you have questions or need additional assistance, please contact House Public Information Officer Sheila McCant (225-342-9795) or Senate Communication Officer Brenda Hodge (225-342-9737).
