The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Sharon F. Lyles.

DIGEST

SB 332 Original 2018 Regular Session Cortez

Proposed law requires each DOTD district office to publish daily on DOTD's internet website information by parish regarding the daily work schedules and work assignments of district employees related to design, construction, traffic engineering, and maintenance work being performed by district employees, including but not limited to the following:

(1) A description and location of the project or maintenance work performed.

(2) The original start date of the construction or maintenance work.

(3) The estimated date that the work is to be completed.

(4) The number and classification of district employees engaged in the work.

Effective August 1, 2018.

(Adds R.S. 48:94)
