**EXPENDITURE EXPLANATION**

Proposed law may result in an indeterminable SGF expenditure decrease to Department of Public Safety and Corrections (DPSC) Corrections Services - Board of Pardons and Committee on Parole if certain persons provide testimony by teleconference or telephone communication during meetings or hearings. Proposed law provides that certain persons "may" appear before the Board of Pardons by teleconference or telephone. Proposed law provides that certain persons "shall" appear before the committee on parole by teleconference or telephone. The potential savings will depend on the need for security staff if individuals no longer attend in-person to provide testimony. Individuals choosing to attend a meeting in-person will necessitate providing security for that instance. In present law, individuals wishing to provide testimony were allowed to provide testimony by telephone from the district attorney's office. The LFO cannot quantify if proposed law will result in material changes to existing practices and behaviors.

For informational purposes only - 2019 Board of Pardons and Committee on Parole provided by the agency reflects the following:

*Committee on Parole Hearing Cost (per meeting)*  
 Daily Cost for Security Staff for Parole Hearings = \$525

*Board of Pardon Hearing Cost (per meeting)*  
 Daily Cost for Security Staff for Pardon Hearings = \$1,050

*Total Number Days Hearings were conducted in 2019*  
 Parole Hearing = 136  
 5 Member Parole Hearings = 5  
 Pardon Hearings = 12

**Louisiana District Attorneys Association (LDAA)**

LDAA reports that the passage of proposed law would result in an indeterminable decrease in local expenditures for District Attorneys. The decrease in expenditures would come from the ability of the District Attorney (DA) or his representative to appear via teleconference as opposed to in person. It would also decrease because others would be allowed to appear via teleconference or telephone without having to be at the DA's Office. It is impossible to determine the amount of the decrease because it is not known how many DAs and others will use this format to appear before either group.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
