PUBLIC SFTY/CORRECT DEPT EG1 INCREASE GF EX See Note

Provides relative to the photo identification issued to an offender prior to his release. (8/1/20)

Proposed law amends and reenacts specific parts of the law pertaining to photo identification for people released from incarceration to now include a list of all licensing and certification programs completed while incarcerated.

Proposed law provides that to the extent that funding is available, the Department of Public Safety and Corrections - Corrections Services will issue a card to the offender that includes a list of all vocational licensing and certification programs completed by the offender while incarcerated.

EXPENDITURE EXPLANATION

Proposed law will result in an increase in SGF expenditures to the Department of Public Safety and Corrections - Corrections Services (DPSC - CS) to implement to the extent cards are issued. DPSC - CS currently provides offenders with an official Office of Motor Vehicle (OMV) state ID upon release. The official OMV state ID cannot be altered; therefore, if this legislation passes, DPSC - CS will provide a secondary form of "non-official" ID. The secondary form of ID would cost around $5 per person.

There are approximately 16,000 people released from DPSC - CS custody annually. It would cost the state an additional $80,000 per year to provide a secondary form of ID to every person released containing the information required in the proposed law. However, the department has indicated that approximately 3,000 people released each year have achieved a license or certification that would be impacted by proposed law. Given an assumption of 3,000 ID cards to be issued annually, the cost would fall to $15,000 per year. DPSC - CS currently issues a certificate of completed courses in the release packet. **Proposed law provides that such a card will be issued to the extent that funding is available.**
