HB 392 Original

2017 Regular Session

Connick

Abstract: Prohibits insurers from combining a higher classified fire protection area with a lower classified fire protection area for the determination of fire insurance rates for the combined areas.

Present law requires insurance companies writing fire insurance in La. to adhere to rates promulgated by the Property Insurance Association of Louisiana (PIAL).

Proposed law prohibits insurance companies writing fire insurance in La. from combining a lower classified fire protection area with a higher classified fire protection area for the determination of fire insurance rates for the combined areas.
