EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The proposed law authorizes the Commissioner of Insurance to regulate and enforce the newly enacted Network Leasing Act, including imposing remedies or penalties. The Department of Insurance reports that it is capable of handling any workload impact arising from the proposed law with existing budgetary and personnel resources.

The Office of Group Benefits does not provide dental insurance or dental benefits as part of its self-funded health plans; thereby the proposed law does not impact the agency.

REVENUE EXPLANATION

Proposed law will have an indeterminable impact on SGR revenues for the Department of Insurance. The proposed law authorizes the Commissioner of Insurance to impose penalties on parties in violation of the Network Leasing Act. Penalties are used to mitigate the expenses of the state. The Legislative Fiscal Office cannot determine the number and cost of penalties that would be imposed under this measure or anticipate the amount of revenue collected by the Department of Insurance from penalties in future fiscal years.
