EXPENDITURE EXPLANATION

Proposed law may have an indeterminable impact on SGF or SGR expenditures in the Department of Public Safety, Office of Motor Vehicles. The proposed law requires the Office of Motor Vehicles to become fully compliant with the Entry Level Driver Training (ELDT) by 2/7/22 and the Drug and Alcohol Clearinghouse by 1/6/23, which are both mandated by the Federal Motor Carrier Safety Administration (FMCSA), US Department of Transportation. The ELDT establishes a new training and certification process for entry-level commercial drivers. The Drug and Alcohol Clearinghouse helps identify drivers, in real-time, who have violated federal drug and alcohol testing program requirements and are prohibited from operating a Commercial Motor Vehicle. The Department of Public Safety, Office of Motor Vehicles (OMV) reports the impact of becoming compliant by FMCSA's deadlines in the measure is indeterminable. The FMCSA has not released any guidelines on how state driver licensing agencies will access ELDT or clearinghouse information. If OMV can access an external site for ELDT and clearinghouse information, the costs to the state fiscal are anticipated to be minimal. If OMV is required to make special programming or coding changes to their IT system, the costs to the agency are anticipated to be significant.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
