Proposed law requires claims adjusters to read and acknowledge the claims adjuster standards of conduct upon license issuance and upon license renewal.

Proposed law provides that violation of the claims adjuster standards and conduct shall constitute grounds for administrative action against the licensee and committed an unfair trade practice.

Present law provides that a person employed only to furnish technical assistance to a licensed adjuster, including but not limited to an investigator, an attorney, an engineer, an estimator, a handwriting expert, a photographer, and a private detective, is exempt from the present law provisions of Part IV of Chapter 5 of Title 22 of the Louisiana Revised Statutes of 1950 regarding claims adjusters.
