EXPENDITURE EXPLANATION

The proposed legislation is anticipated to result in an indeterminable, but minimal, increase in state expenditures associated with travel reimbursements. The proposed law creates the LA Equine Promotion and Research Program as well as the LA Equine Promotion and Research Advisory Board within the LA Department of Agriculture and Forestry (LDAF). The 13 members of the board shall serve without compensation; however, board members not domiciled in Baton Rouge may receive travel and other reimbursements as permitted in the official state Policy and Procedure Manual (PPM49) for attending board meetings. The proposed law requires LDAF to provide administrative support to the advisory board, which shall meet at least twice a year. For informational purposes, the current mileage reimbursement rate is \$0.56 per mile not to exceed a maximum of 99 miles per round trip and/or day. While there may be costs associated with travel reimbursement and administrative support of the advisory board provided by LDAF, they are expected to be minimal and absorbed within the department's existing operating budget.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
