

RÉSUMÉ DIGEST

ACT 218 (SB 194)

2021 Regular Session

Boudreaux

Prior law provided for a moratorium on additional beds for nursing facilities which expires on July 1, 2022. New law extends the moratorium until July 1, 2027.

Prior law provided that the prohibition on additional nursing facilities and beds shall not apply to the replacement of existing facilities so long as there is no increase in existing nursing home beds at the replacement facility. New law deletes the condition relative to number of beds at the replacement facility to provide that the prohibition on additional nursing facilities and beds shall not apply to the replacement of existing facilities so long as there is no increase in existing nursing home beds.

New law repeals prior law providing that any nursing home bed in alternate health care use as of August 15, 2006, may be voluntarily taken out of alternate use and re-licensed as a nursing home bed, unless those beds are otherwise deemed expired, revoked, or surrendered.

Effective August 1, 2021.
