AN ACT

To provide a permanent benefit increase to retirees and beneficiaries of the Louisiana State Police Retirement System; to authorize payments funded by the retirement system's experience account; to provide for qualifications for receipt of such payments; to provide relative to the amount of such payments; to provide for an effective date; and to provide for related matters.

Notice of intention to introduce this Act has been published.

Be it enacted by the Legislature of Louisiana:

Section 1. The legislature finds that the experience account of the Louisiana State Police Retirement System was created for the purpose of accumulating money sufficient to provide actuarial funding of permanent post-retirement benefit increases for certain retirees and beneficiaries of the system. The legislature further finds that the experience account is credited with a portion of the system's investment gain in excess of certain thresholds and with interest on funds in the account; provided, however, that the amount in the experience account shall in no event exceed the reserve necessary to grant one permanent benefit increase until the system is at least eighty percent funded.
Section 2. (A) The legislature finds that permanent benefit increases funded by the experience account monies are payable to regular retirees who have been retired for at least one year and who have attained the age of sixty years; to disability retirees who have been retired at least one year regardless of age; to beneficiaries of retirees who would have met the applicable criteria to receive the increase if they had survived; and to nonretiree beneficiaries who have been receiving benefits for at least a year and whose benefits are derived from service of deceased members who would have attained age sixty. The legislature further finds that any increase payable in 2022 shall be calculated on an amount not to exceed sixty-eight thousand three hundred twelve dollars of a retirement benefit.

(B) Additionally, the legislature finds that supplemental permanent benefit increases funded by the experience account monies are payable to regular retirees who have attained the age of sixty-five years and who retired on or before June 30, 2001. The legislature further finds that any increase payable in 2022 shall be calculated on an amount not to exceed sixty-eight thousand three hundred twelve dollars of a retirement benefit.

Section 3. The legislature finds that, in accordance with the provisions of R.S. 11:1332, the board of trustees of the Louisiana State Police Retirement System is expected to send a resolution recommending to the president of the Senate and the speaker of the House of Representatives that the legislature grant a permanent benefit increase to the eligible retirees and beneficiaries of the system in accordance with the provisions of R.S. 11:1332 and Article X, Section 29(F) of the Constitution of Louisiana.

Section 4. The legislature finds that the resolution presented to the presiding officers of the legislature is expected to contain a recitation of the statutorily required conditions and specification of the satisfaction of each as follows:

(A) For the plan year that ended June 30, 2021, the Louisiana State
Police Retirement System earned an actuarial rate of return of eleven and thirty-eight one-hundredths percent, which exceeded the board-approved actuarial valuation rate of six and ninety-five one-hundredths percent, and was seventy-seven and fifty-four one-hundredths percent funded.

(B) For any year in which the system's rate of return is at least seven percent, R.S. 11:1332(C) provides that if the system is at least sixty-five percent funded but less than seventy-five percent funded and the legislature has not granted a benefit increase in the preceding year, a permanent benefit increase shall not exceed the lesser of two percent or the increase in the Consumer Price Index, U.S. city average for all urban consumers, as prepared by the U.S. Department of Labor, Bureau of Labor Statistics, for the twelve-month period ending on the system's valuation date preceding the increase.

(C) The Consumer Price Index for All Urban Consumers, U.S. city average for all items as prepared by the U.S. Department of Labor, Bureau of Labor Statistics for the twelve-month period ending June 30, 2021, is five and four-tenths percent, which is greater than two percent.

Section 5. The system actuary has determined that the actuarial liability created by providing a permanent benefit increase of two percent and a supplemental increase of two percent is approximately nine million four hundred ninety-seven thousand dollars. The system actuary computed the balance in the experience account to be over nine million four hundred ninety-seven thousand dollars, an amount sufficient to fund the increases.

Section 6. The legislative auditor has confirmed that the legislative auditor's actuary is in the process of determining whether he agrees with the determinations of the system actuary.

Section 7. (A) Contingent upon satisfaction of all necessary conditions contained in R.S. 11:1332(D), an amount not to exceed sixty-eight thousand three hundred twelve dollars of the current benefit of each retiree and beneficiary of the Louisiana State Police Retirement System who meets the
eligibility criteria contained in the statute and recited in this Act shall be increased by two percent effective July 1, 2022.

(B) Contingent upon satisfaction of all necessary conditions contained in R.S. 11:1332(F), an amount not to exceed sixty-eight thousand three hundred twelve dollars of the current benefit of each retiree and beneficiary of the Louisiana State Police Retirement System who meets the eligibility criteria for a supplemental increase contained in the statute and recited in this Act shall be increased by an additional two percent effective July 1, 2022.

Section 8. The cost of this Act shall be funded with monies from the system's experience account. Any additional cost of this Act shall be funded with additional employer contributions in compliance with Article X, Section 29(F) of the Louisiana Constitution.

Section 9. This Act shall become effective on June 30, 2022; if vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on June 30, 2022, or on the day following such approval by the legislature, whichever is later.
