Proposed law establishes a schedule, procedures, and requirements relative to production of future versions of a nursing home's emergency preparedness plan after its first plan required by proposed law is fully developed.

Proposed law stipulates that review and approval of nursing home emergency preparedness plans by LDH and other state and local agencies with which LDH consults regarding such plans shall be performed pursuant to the department's and those agencies' respective areas of knowledge, expertise, or jurisdiction.

Proposed law requires LDH to promulgate administrative rules relative to emergency preparedness by nursing homes. Provides that such rules shall include but not be limited to all of the following:

1. Requirements for nursing homes relating to emergency preparedness.

2. Requirements for the content of nursing home emergency preparedness plans.

3. Requirements for the process by which the department reviews nursing home emergency preparedness plans.

CODING: Words in struck through type are deletions from existing law; words underscored are additions.
(4) Procedures for addressing situations wherein a nursing home makes changes to its emergency preparedness plan on a schedule which deviates from that provided in proposed law.

(5) Minimum requirements for nursing homes which serve as evacuation sites for other nursing homes.

(6) Minimum requirements for nonlicensed sheltering sites identified in nursing home emergency preparedness plans.

(7) Requirements, timelines, and procedures for after-action reports as defined in and provided for more specifically in proposed law.

(8) Any rule recommended or proposed by the Nursing Home Emergency Preparedness Review Committee and approved by the secretary of the department.

Proposed law authorizes LDH to initially promulgate any rules required by proposed law as emergency rules in accordance with present law relative to emergency rulemaking (R.S. 49:953.1).

Proposed law revises the membership of the 17-member Nursing Home Emergency Preparedness Review Committee provided for in present law by adding to the committee the following seven members:

(1) Four members appointed by the secretary of LDH who are owners or administrators of nursing homes.

(2) The director of the Governor's Office of Homeland Security and Emergency Preparedness or his designee.

(3) The director of the La. Medicaid program or his designee.

(4) The assistant secretary of the LDH office of aging and adult services or his designee.

Proposed law provides requirements and standards relative to nonlicensed sheltering sites that nursing homes identify in emergency preparedness plans. Authorizes and provides for inspections of such sites by LDH, the office of state fire marshal, and local offices of emergency preparedness.

Proposed law stipulates that any refusal by a nonlicensed sheltering site to allow an inspection or survey of the site by LDH may result in disqualification of the site. Provides that if such a refusal to allow an inspection or survey occurs when nursing home residents are being sheltered at the site, then LDH may revoke the license of the nursing home that evacuated residents to the site.

Proposed law requires any nursing home that decides to evacuate residents to a nonlicensed sheltering site to notify LDH of this decision within one hour of the decision being made. Provides that upon receipt of such notification, the LDH licensing section and office of public health shall conduct a site visit at the site unless time, weather conditions, or other factors do not allow for such visit. Authorizes LDH to conduct onsite inspections of the site at any time deemed necessary or appropriate by the secretary of the department.

Proposed law provides, except in cases of willful misconduct, a limitation of liability for the state, LDH, employees of the state and LDH, local offices of emergency preparedness, and members of the Nursing Home Emergency Preparedness Review Committee associated with engaging in the activities and responsibilities provided for in proposed law.
Proposed law provides that implementation and execution of an emergency preparedness plan shall be the duty and responsibility of the nursing home.

Proposed law repeals present law creating and providing for an 11-member nursing home advisory committee within LDH.

Effective upon signature of governor or lapse of time for gubernatorial action.
