Proposed law creates the La. Competes Regional Economic Development Program, hereinafter "program", which is to be administered by the La. Dept of Economic Development. The program is to provide grant funding to each of eight regional economic development organizations, hereinafter "organizations".

Proposed law creates the La. Competes Regional Economic Development Fund, hereinafter "fund", as a special fund in the state treasury. Further divides the fund into eight distinct subfunds, one for each regional economic development organization named in proposed law.

Proposed law requires monies in the fund and subfunds to be invested in the same way general fund monies are invested, with interest to be deposited back into the fund or subfund upon which the interest was earned. Further requires unexpended and unencumbered monies in the fund and subfunds to remain in the fund or subfund at the end of the fiscal year.

Proposed law requires one-eighth of the initial deposit of monies into the fund be allocated to each of the organizations.

Proposed law restricts the use of grant monies awarded pursuant to proposed law to "qualified expenditures", hereinafter "expenditures", related to the furtherance of economic development within the region it represents.

Proposed law provides two categories of expenditure: site development and economic development marketing. Proposed law provides nonexclusive examples of each, such as:

(1) Site development costs:
   (a) Studies.
   (b) Surveys.
   (c) Development of plans and specifications.
   (d) Entering into option agreements.
   (e) Infrastructure improvements.
   (f) Due diligence.
   (g) Remediation.

   (b) Preparation, development, or implementation of an economic development marketing plan.
   (c) Competitive research.
   (d) Expenses for hosting professional site selectors or business prospects traveling to the state to explore or review sites.

Proposed law prohibits organizations from using grant monies for any of the following, to the extent the use does not conflict with the approved purposes provided in proposed law:
(1) Salaries, wages, benefits.
(2) Travel expenses incurred by the organizations officers, employees, or contractors.
(3) Alcohol.
(4) Land, buildings, offices, equipment, or vehicles used primarily for the administrative operations of the organization.

Proposed law requires the secretary to notify the commissioner of administration that a grant is approved pursuant to proposed law within five calendar days of receiving a completed grant request.

Within 30 calendar days of grant approval, proposed law requires the organization and the state to enter into a cooperative endeavor agreement as provided for in present law.

Proposed law requires the cooperative endeavor agreement to be in conformity with the intent and purpose of proposed law, and the organization's obligations pursuant to the agreement are to be limited to the following:

(1) Identifying high-priority sites for the purpose of attracting economic development projects.
(2) Developing high-priority sites for the purpose of attracting economic development projects.

Proposed law provides that the initial cooperative endeavor agreement is for an initial period of two years. Further provides that the initial agreement will automatically renew for successive year-long periods until all initial funds provided by the agreement are expended.

CODING: Words in struck through type are deletions from existing law; words underscored are additions.
Proposed law requires each organization to apply local matching funds equaling 10% of the cost being paid.

Proposed law requires the commissioner to notify the treasurer of execution of the cooperative endeavor agreement within five days of execution and requires the treasurer to disburse the monies to the organization within five days of notification.

Proposed law requires the Dept. of Economic Development to establish tax increment boundaries for each "project" in a regional economic development organization's area. Defines "project" to mean a business that expands or commences operations in the regional economic development district organization's area because of qualified expenditures made by the regional economic development organization pursuant to proposed law. For each such project, the Dept. of Economic Development, working in conjunction with the Dept. of Revenue, shall establish a sales tax baseline for each such project. The baseline shall be the total collected state sales tax within the tax increment boundaries in the year immediately prior to the year the project's boundaries were established. Thereafter, dedicates to the regional economic development organization's subfund 5% of the state sales tax increment collected within the project's tax increment boundaries that are above the baseline. Further requires the Dept. of Economic Development to promulgate emergency rules for the initial implementation of the provisions of proposed law.
