AN ACT

To amend and reenact R.S. 3:1462(13) through (18), 1465(D)(1), 1468(A), 1481, 1482(A), (B), (C), and (D)(introductory paragraph), 1483(A)(1), (B)(introductory paragraph), (6), and (7), (C), (E), (F)(1), (G), and (L), and 1484(B)(4) and R.S. 40:961.1, to enact R.S. 3:1462(19) and 1482(E), and to repeal R.S. 3:1483(B)(8) and 1485, relative to industrial hemp; to provide for the regulation of industrial hemp; to provide for definitions; to provide for testing; to provide for the regulation of consumable hemp products; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 3:1462(13) through (18), 1465(D)(1), 1468(A), 1481, 1482(A), (B), (C), and (D)(introductory paragraph), 1483(A)(1), (B)(introductory paragraph), (6), and (7), (C), (E), (F)(1), (G), and (L), and 1484(B)(4) are hereby amended and reenacted and R.S.3:1462(19) and 1482(E) are hereby enacted to read as follows:

§1462. Definitions

As used in this Part, the following terms shall have the following meanings:

* * *

(13) "Performance-based sampling" means an alternative sampling method utilized by the department to ensure, at confidence level of 95%, that no more than one percent of the industrial hemp plants in each lot subject to the alternative sampling method will test above a total delta-9 THC concentration of 0.3 percent on a dry weight basis.
"Process" means converting industrial hemp into a marketable form.

"Processor" means any individual, partnership, corporation, cooperative association, or other business entity that receives industrial hemp for processing into commodities or products.

(b) "Processor" shall not include a consumable hemp processor as defined in R.S. 3:1481.

"Seed producer" means a person licensed by the department to obtain, produce, transport, and sell industrial hemp seed in the state.

"State plan" means a plan required for approval by the United States Secretary of Agriculture to monitor and regulate the production of industrial hemp.

"THC" means a combination of tetrahydrocannabinol and tetrahydrocannabinolic acid.

"Transport" or "transporting" means the movement of industrial hemp from the premises of a licensee to the premises of another licensee or from the premises of a licensee to the premises of a permit holder pursuant to R.S. 3:1483 by means of a vehicle.

§1465. Licensure

D.(1) Upon application for initial licensure or annual license renewal and every three years thereafter, each applicant shall be required to submit to a criminal background check pursuant to the provisions of this Subsection. For purposes of this Subsection, "applicant" shall mean an applicant or designated responsible party as defined in R.S. 3:1462.
§1468. Testing; inspections

A.(1) The department shall collect samples to test all industrial hemp crops, except those crops produced by licensees approved by the department for performance-based sampling, prior to harvest to ensure the THC concentration does not exceed a total delta-9 THC concentration of 0.3 percent on a dry weight basis. The grower shall harvest his approved industrial hemp plants not more than thirty days following the date of sample collection by the department, unless specifically authorized in writing by the department.

(2) The department shall ensure that one or more of the following factors exist when determining if a licensee is eligible for performance-based sampling:

(a) The variety or strain is recognized as AOSCA Certified Seed or has consistently demonstrated to result in compliant hemp plants pursuant to the sampling and testing process of the department.

(b) The hemp is produced for grain or fiber and no leaf or floral material will be harvested.

(c) The producer is conducting industrial hemp research.

(d) The producer has consistently produced compliant industrial hemp plants over an extended period of time.

(e) The producer is growing immature industrial hemp plants produced from industrial hemp seed of known compliant varieties and the plants will be harvested prior to flowering.

(3) The department may enter into contracts, cooperative endeavor agreements, memoranda of understanding, or other agreements with any public postsecondary education institution for the testing of THC levels in industrial hemp crops or industrial hemp products deemed necessary by the commissioner.

B. Any consumable hemp product that is manufactured, distributed, imported, or sold for use in Louisiana shall meet the following criteria:

* * *

(6) Not contain a total delta-9 THC concentration of more than 0.3 percent on a dry weight basis.

(7) Not contain a total THC concentration of more than one percent on a dry weight basis.

(8) Not contain any cannabinoid that is not naturally occurring.

(6)(a) For consumable hemp products, a product shall not exceed a total delta-9 THC concentration of more than 0.3 percent or a total THC concentration of more than one percent. The total THC in a product shall not exceed eight milligrams per serving. The provisions of this Subparagraph shall not apply to floral hemp material.

(b) For floral hemp material, a product shall not exceed a total delta-9 THC concentration of more than 0.3 percent on a dry weight basis or a total THC concentration of more than one percent on a dry weight basis.
(c) Any consumable hemp product that exceeds the THC limits provided in this Paragraph that was registered with the department prior to the effective date of this Act may be sold in Louisiana until January 1, 2023.

(7) A serving shall be clearly identified by one of the following means:

(a) The package contains a measuring device that measures single servings of the product.

(b) The packaging clearly enables a consumer to determine when a single serving has been consumed.

C.(1) All labels shall meet the following criteria in order to receive approval from the department:

(1) (a) Contain no medical claims.

(2) (b) Have a scannable bar code, QR code, or web address linked to a document or website that contains a certificate of analysis as provided in Subsection E of this Section.

(c) Clearly state the amount of THC per serving, serving size, and servings per package.

(2) Any adult-use consumable hemp product shall be identified as such on the label.

(3) Any label that does not meet the criteria provided in this Subsection that was approved by the department prior to the effective date of this Act may be used in Louisiana until July 1, 2023.

* * *

E.(1) The application for registration shall include a certificate of analysis containing the following information:

(a) The batch identification number, date received, date of completion, and the method of analysis for each test conducted.

(b) Test results identifying: the cannabinoid profile by percentage of weight, solvents, pesticides, microbials, and heavy metals.

(i) Solvents, pesticides, microbials, and heavy metals.

(ii) The cannabinoid profile by percentage of weight.
(c) A potency test of the final product indicating the serving size, total THC per serving, total number of servings, and total THC per package, identified as milligrams per grams.

(2) The application for registration shall include verification that the product was produced from hemp. Acceptable forms of verification shall be determined by the department and may include a copy of the hemp grower or processor’s license.

(3) Any application for registration that does not meet the criteria provided in this Subsection that was approved by the department prior to the effective date of this Act may be used in Louisiana until July 1, 2023.

F. The certificate of analysis required by Subsection E of this Section shall be completed by an independent laboratory that meets the following criteria:

(1) (a) If the laboratory is located outside of Louisiana, it is accredited as a testing laboratory approved by the department by the International Organization for Standardization or other accrediting entity approved by the department.

(b) If the laboratory is located in Louisiana, it shall:

(i) Pass an on-site facility inspection conducted by the department.

(ii) Provide documentation that the owner has operated a state-approved, active medical marijuana or hemp laboratory in another state for at least the past twelve months.

(iii) Be accredited by the International Organization for Standardization or other accrediting entity approved by the department or have an application pending for International Organization for Standardization accreditation. If the accreditation is not achieved within nine months of the department’s inspection, the department shall not accept any additional certificates of analysis from the laboratory until such accreditation is received.

G. The department shall:

(1) Conduct an initial review of any product submitted pursuant to this Section and notify the submitting party of any deficiencies existing which prevent the approval of the product within fifteen business days of the date of submission.

CODING: Words in struck through type are deletions from existing law; words underscored are additions.
If the department fails to notify the submitting party within fifteen business days of
the date of submission, the product may be sold by a wholesaler or retailer permitted
pursuant to R.S. 3:1484 from the day following the fifteenth business day until the
submitting party receives final approval or denial from the department for the
product.

(2) Provide a list of registered products to the office of alcohol and
tobacco control, law enforcement, and other necessary entities as determined by the
department.

(3) Provide a mechanism to allow the office of alcohol and tobacco control
to scan products to determine if the product is registered with the department.

(4) Employ a minimum of two full-time employees to review and approve
products. The positions shall be filled utilizing existing department vacancies and
associated funding.

(5) Develop a process to register any consumable hemp product that is
grown and processed in the state of Louisiana as a "Louisiana Hemp Product". The
department may adopt a logo to be used for products registered pursuant to this
Paragraph. No consumable hemp product may hold itself out as being a "Louisiana
Hemp Product" unless such product has been registered by the department pursuant
to this Paragraph and rules promulgated by the department.

* * *

L. The department shall promulgate rules and regulations in accordance with
the Administrative Procedure Act to implement the provisions of this Section. In
order to expedite implementation, the department shall utilize emergency
rulemaking. The rules shall specify standards for product labels, procedures for label
approval, definitions for product types provided for in Subsection B of this Section,
limits for solvents, pesticides, microbials, and heavy metals, requirements for
accreditation for laboratories, any prohibited dosage vehicles as determined by the
department, and sanitary requirements specific to consumable hemp processors.

Section 2. R.S. 40:961.1 is hereby amended and reenacted to read as follows:

§961.1. Industrial hemp exemption

Notwithstanding the definitions provided for in R.S. 40:961(6) and (26)(27), the provisions of the Uniform Controlled Dangerous Substances Law shall not apply to industrial hemp or industrial hemp-derived CBD consumable hemp products as provided for in Parts V and VI of Chapter 10-A of Title 3 of the Louisiana Revised Statutes of 1950.

Section 3. R.S. 3:1483(B)(8) and 1485 are hereby repealed in their entirety.

Section 4. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

SPEAKER OF THE HOUSE OF REPRESENTATIVES
