## DIGEST

Present law provides that the bureau of criminal identification and information, the district attorney, and the sheriff may all charge a fee for expungement of a criminal record.

Proposed law allows the court to waive or reduce a fee charged for expungement of a criminal record if the waiver or reduction in fees is shared equally among the bureau of criminal identification, the district attorney, and the sheriff.

Effective August 15, 2010.

(Adds R.S. 44:9(A)(5))
