Provides relative to solitary confinement

Current law provides for a prohibition on the use of solitary confinement, except in certain circumstances. Proposed law provides that any prisoner in a penal or correctional institution who is placed into solitary confinement shall be provided access to all educational training and materials or religious materials he would otherwise have access to in the least restrictive housing available at the institution unless the governing authority of the penal or correctional institution, or its designee, determines that access to the educational training and materials or religious materials presents a security risk, is not feasible due to the nature of the program, training, or materials, or circumstances exist pertaining to the reason for the prisoner's placement in solitary confinement that are incongruous with access to the educational training and materials or religious materials; provides for applicable definitions.
