

RÉSUMÉ DIGEST

ACT 376 (SB 257)

2026 Regular Session

Myers

Existing law requires that each pompano strike net and mullet strike net have attached to it a tag issued by the Dept. of Wildlife and Fisheries and including certain identifying information of the owner.

Prior law required that the tag include the owner's social security number and prohibited the department from issuing a tag to any person without a social security number.

New law removes the requirement that the tag include a social security number and removes the prohibition against issuing a tag to a person without a social security number.

Effective August 1, 2026.

(Amends R.S. 56:325.4(B)(4), 333(B)(5), and 406(A)(3)(e))
