

RÉSUMÉ DIGEST

ACT 257 (SB 275)

2026 Regular Session

Myers

New law requires health insurers to reimburse certified registered nurse anesthetists (CRNA) for services performed without medical direction from a physician or dentist and within the lawful scope of a CRNA's practice at no less than the same amount the insurer reimburses a physician for the same service.

New law prohibits an insurer from denying participation or network inclusion to a CRNA solely on the basis of provider type or licensure.

New law shall not be construed to change the scope of practice of any licensed healthcare professional.

Effective January 1, 2027.
