Subject: Pilot program utilizing license plate recognition devices	**Analyst:** Zachary Rau	

LAW ENFORCEMENT   RE SEE FISC NOTE GF EX   Page 1 of 1

Creates a pilot program (Statewide Motor Vehicle Theft and Uninsured Motorists Identification Program) involving the use of license plate recognition devices for certain purposes. (8/1/16)

Proposed law creates the Statewide Motor Vehicle Theft and Uninsured Motorists Identification Pilot Program. Proposed law provides that no cost of the pilot program shall be incurred by state agencies.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Proposed law states that no cost of the Statewide Motor Vehicle Theft and Uninsured Motorists Identification Pilot Program shall be incurred by state agencies, though it is unclear who will bear costs associated with the pilot program for state agencies. The Dept. of Public Safety has indicated an estimated total cost of $50,000 associated with updating its existing Law Enforcement Messaging System (LEMS) to function as a portion of the pilot program. To the extent the department's LEMS system requires these updates to function as a part of the pilot program, it is not clear how the pilot program in proposed law could be implemented without state expenditures from some funding source.

The proposed law also includes provisions creating the misdemeanor crime of misusing automatic license plate recognition systems or data gathered by them. To the extent persons are convicted of misusing automatic license plate recognition systems or data gathered by them, local governing authorities may realize increased expenditures associated with housing defendants convicted of the misdemeanor crime.

REVENUE EXPLANATION

The proposed legislation may result in an indeterminable increase in local funds revenue as a result of potential fines imposed for persons being convicted of misusing data captured by the automatic license plate recognition system. The maximum fine is $1,000.
