

RÉSUMÉ DIGEST

ACT 63 (HB 692)

2016 Regular Session

Jackson

Existing law, regarding alcoholic beverages, exempts certain persons applying for a retail, manufacturer, or wholesale permit from the requirement that their officers, directors, stockholders, or members be Louisiana citizens and residents.

Prior law provided that only officers, directors, or stockholders of a corporation which held a wholesale permit on Jan. 31, 2003, for three years were exempt from the citizenship and residency requirements.

New law extends exemptions to any officer, director, or stockholder of a corporation, or officer, manager, or member of a limited liability company.

New law requires that the corporation or limited liability company be either organized under the laws of the state Louisiana or qualified to do business within the state of Louisiana.

Existing law provides for the information that must be contained in the application. New law adds that the federal identification number shall also be included on the application. New law also deletes the affidavit requirement for each application.

Effective upon signature of governor (May 10, 2016).
