RE: Line item vetoes of House Bill 2 of the 2016 Second Extraordinary Session

Dear Speaker Barras and President Alario:

Pursuant to La. Const. art. IV, Sec. 5(G), I have exercised my line veto item authority for certain items contained within House Bill 2 of the 2016 Second Extraordinary Session.

House Bill 2 contains \$1.37 billion in Priority 1 general obligation bond appropriations and an additional \$232 million in Priority 2 general obligation bond appropriations. Both Priority 1 and Priority 2 general obligation bond appropriations can be considered for cash lines of credit. However, the existing Capital Outlay Escrow Fund balance and currently projected general obligation bond sales cannot fund the appropriations in the bill. Thus, consistent with my promise to promote transparent budgetary practices, I have vetoed items from this bill totaling \$44,273,700 in appropriations. While being mindful of existing commitments and priorities, we must be prudent in allocating resources. Further, these vetoes are also consistent with my stated goal of reform of the Capital Outlay process so that it is realistic and honest. We simply cannot continue the practice of spending money that we do not have.

In light of the above, I have exercised my line item veto authority as follows:
