HB 140 Original

2017 Regular Session

Gregory Miller

Abstract: Requires that the state registrar of vital statistics provide a monthly report to each assessor concerning deaths occurring in the state during the preceding month.

Present constitution and present law require each assessor to maintain lists of property for purposes of ad valorem taxation.

Present law requires that by the 10th day of each month, the secretary of the La. Dept. of Health send to the Dept. of State a report containing the name, address, date of birth, sex, and social security number, as such information exists in the database of the La. Dept. of Health, of any person 16 years of age or older who died in each parish of the state within the preceding calendar month.

Proposed law retains present law.

Proposed law adds to present law a requirement that the registrar of vital statistics provide monthly the same report to the assessor of each parish concerning the persons who died in the state during the preceding calendar month. The format and method of transmission of the report is to be determined by the registrar of vital records.
