HB 370 Original

2017 Regular Session

Ivey

Abstract: Eliminates the deductibility of federal income taxes paid when computing state corporate income taxes and requires a flat business income tax rate.

Present constitution authorizes equal and uniform taxes to be levied on net income. Further authorizes the rates for these taxes to be graduated according to the amount of the taxpayer's net income; however, the state individual and joint income tax schedule of rates and brackets are prohibited from exceeding the rates and brackets as they existed on Jan. 1, 2003.

Present constitution authorizes federal income taxes paid to be allowed as a deductible item in computing state income taxes for the same period.

Proposed constitutional amendment changes present constitution by eliminating the deductibility of federal income taxes paid when computing business income tax liability.

Present law provides that the tax to be assessed, levied, collected, and paid on the La. taxable income of every corporation shall be computed at the following rates:

- (1) 4% on the first \$25,000 of La. taxable income.
- (2) 5% on La. taxable income above \$25,000 but not in excess of \$50,000.
- (3) 6% on La. taxable income above \$50,000 but not in excess of \$100,000.
- (4) 7% on La. taxable income above \$100,000 but not in excess of \$200,000.
- (5) 8% on all La. taxable income in excess of \$200,000.

Proposed constitutional amendment provides that the state income tax levied on business earnings shall be levied at a flat rate which shall be established in law.

Effective Jan. 1, 2018, and applicable to all tax years beginning on and after Jan. 1, 2018.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Oct. 14, 2017.
