EXPENDITURE EXPLANATION

The Office of Public Health (OPH) indicates that it can accomplish the reporting requirement of this bill with an automated report generation and transmission. Costs will be incurred to modify the existing Louisiana Electronic Event Registration System to include this new reporting and transmission requirement. OPH estimates minor resource allocations of approximately \$1,500 to implement this new requirement. Presumably, assessors across the state are capable of receiving or accessing the report electronically.

REVENUE EXPLANATION

Timely notification of deaths will presumably allow for timely assessment practice with regard to homestead exemptions and property successions.
