26 benefit determined by the commissioner pursuant to Item (ii) of this Subparagraph,
27 whichever is less. For purposes of this Item, "pre-certification tonnage" means the
28 number of tons of cargo which meets the definition of qualified cargo for purposes

DIGEST

SB 150 Reengrossed

2017 Regular Session

Chabert

Present law provides for an investor tax credit of up to \$1.8 million per project for 72% of the capital costs associated with a qualifying port project that is approved by the commission of administration, the Joint Legislative Committee on the Budget, and the State Bond Commission. Proposed law removes the requirement of prior approval by the State Bond Commission.

Present law provides for an import-export cargo tax credit of up to \$1.8 million per taxpayer at the rate of \$3.60 per ton of qualified cargo that is approved by the commission of administration, the Joint Legislative Committee on the Budget, and the State Bond Commission. Proposed law removes the requirement of prior approval by the State Bond Commission.

Present law defines "pre-certification tonnage" as the number of tons of qualified cargo owned by the international business entity receiving the credit, imported or exported, and which were moved by way of an oceangoing vessel berthed at public port facilities in this state during the 2013 calendar year.

Proposed law retains this provision but provides that the vessel was berthed at public port facilities in the state during the year prior to the year in which the import-export cargo credit application is submitted.

Present law terminates both the investor credit and the import-export cargo credit on January 1, 2020. Proposed law extends the termination date of both credits to July 1, 2021.

Present law requires the House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs to review the credit to determine if the economic benefit provided by the credit outweighs the loss of revenue realized by the state as a result of awarding the credit. Requires the House and Senate committees to make their recommendations no later than March 1, 2017, to either continue the credit or to terminate the credit. Proposed law repeals the review and reporting requirement.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 47:6036(C)(1)(b), (G), (I)(1)(intro para), (I)(1)(c) and (2)(a); repeals R.S. 47:6036(K))
