DIGEST

SCR 92 Original

2017 Regular Session

Milkovich

Requests the Louisiana Department of Health to study nursing facility diversion program models and prepare a statewide implementation plan to provide senior and other citizens the full opportunity to live out their lives in their own homes and to educate eligible consumers regarding community services, in-home support and care, and the financing of such supports and services.

Requires that the department submit a written report and implementation plan to the Senate and House health and welfare committees no later than September 30, 2017.
