FY 2017-2018 MINIMUM FOUNDATION PROGRAM FORMULA (As compared to SCR 55)

The FY 2017-18 Minimum Foundation Program (MFP) formula was adopted by the StateBoard of Elementary and Secondary Education on May 11, 2017

14 The formula determines allocations for city, parish, or other public school systems or 15 schools. The definition of city, parish, or local public school systems and schools shall 16 include city or parish school systems, Recovery School District including operated and Type 5 charter schools, Louisiana School for Math, Science, and the Arts (LSMSA), New Orleans 17 Center for Creative Arts (NOCCA), THRIVE, New Type 2 Charter schools, Legacy Type 18 19 2 Charter schools, Type 3B Charter schools, Office of Juvenile Justice (OJJ) schools, and 20 Louisiana State University and Southern University Lab schools. The formula is divided 21 into four calculations as follows:

- Level 1 determines the minimum cost of education based on the education needs of each student. The cost includes funding for students enrolled in city and parish school systems, Recovery School District operated and Type 5 Charter schools, New Type 2 Charter schools, and Type 3B Charter schools. The cost is then shared equitably between the State and the city and parish school systems based on the ability of the systems to support education in their communities through local sales and property tax revenues.
- Level 2 provides an incentive for city and parish school systems to support education
 in their communities above the minimum level of financial support required.
- 31 **Level 3** provides specific legislative education funding to city and parish school 32 systems for continuing teacher and support worker pay raises, the Hold Harmless 33 provision, and mandated operating costs.
- Level 4 provides additional funding including:
 Supplementary funding to meet specific needs at city, parish, or other
 local school systems and schools including Foreign Associate
 Teacher Salary and Stipends Allocation, Career Development
 Allocation, High Cost Services Allocation, and Supplemental Course
 Allocation.

- Allocations for State-Approved public school systems or schools including Legacy Type 2 Charter schools, Louisiana State University and Southern University Lab schools, New Orleans Center for Creative Arts (NOCCA), Louisiana School for Math, Science, and Arts (LSMSA), THRIVE, and Office of Juvenile Justice (OJJ) schools.
- Mid-Year Allocation Adjustments to account for mid-year increases
 and decreases in students in all city, parish, or other local public
 school systems or schools.

12 State MFP funds shall only be expended for educational purposes. Expenditures for educational purposes are those expenditures related to the operational and 13 14 instructional activities of city, parish, or other public school systems or schools to 15 include: instructional programs, pupil support programs, instructional staff programs, school administration, general administration, business services, operations and 16 17 maintenance of plant services, student transportation services, food services 18 operations, enterprise operations, community services operations, facility acquisition 19 and construction services and debt services as defined by Louisiana Accounting and 20 Uniform Governmental Handbook, Bulletin 1929.

21 I. FORMULA CALCULATIONS

11

22 <u>A. Level 1: Calculate State and Local Cost Allocation</u>

23 **1. Determine Educational Costs**

- Eligible students from the following school systems and schools will be counted in both theBase and Weighted Student Memberships:
- 26 1. City and Parish school systems
- 27
 2. State-Approved Public Schools The student counts of the following
 28
 29
 30
 30
 State-Approved Public Schools The student counts of the following

37 STEP ONE: Determine the Number of Eligible Students for the Base Count

The formula first counts each of the students enrolled on February 1 to determine the cost of education services. The formula utilizes the February 1 Student Membership Count to allocate funding beginning in July. The students eligible to be counted are identified in the Student Membership Definition adopted by the State Board of Elementary and Secondary

42 Education. These students are counted as one (1.0) in the formula.

43 STEP TWO: Determine the Number of Students Eligible for the Weighted Student 44 Count

45 The formula recognizes that providing educational services to meet the needs of particular students is more costly than regular educational services. Each special characteristic or need 46 47 is given a numerical value referred to as a weight. The special needs of each student are 48 taken into consideration by multiplying the student count for each eligible child (1.0) by 49 each of the weights. This calculation provides additional students that are then added to the 50 February 1 Student Membership Count to equal the Total Weighted Student Membership 51 Count. The students and units eligible to be counted are identified in the Student 52 Membership Definition adopted by the State Board of Elementary and Secondary Education.

53 The following are the additional costs recognized by the formula:

1 Low Income and English Language Learner Weight - The formula recognizes that 2 students living in poverty or students with a native language other than English are more 3 likely to require additional educational services to be successful. To recognize that these 4 services require additional costs, students that qualify for free or reduced price meals under the United States Department of Agriculture (USDA) School Food Service Program 5 guidelines, or an alternative count as defined in the Student Membership Definition, and 6 7 students identified as an English Language Learner are provided a weight of 22%.

8 Career and Technical Education Weight - The formula recognizes that the cost of 9 providing materials and equipment, and teacher credentialing and training, for Career and 10 Technical Education courses is above and beyond the cost of traditional academic education. 11 Each secondary career and technical education course in which a student is enrolled in both

12 the fall and spring semesters is provided a weight of 6%.

13 Special Education Weight - The formula addresses the extra cost associated with the 14 delivery of services required in order to meet the needs of students with disabilities. Students 15 with disabilities that have an Individualized Education Plan (IEP) developed according to State Board of Elementary and Secondary Education regulations are provided a weight of 16 17 150%.

18 Gifted and Talented Weight -The formula recognizes the cost of providing educational 19 services to Gifted and Talented students that have an Individualized Education Plan (IEP) 20 developed according to State Board of Elementary and Secondary Education regulations and 21 are provided a 60% weight.

22 Economy of Scale Weight - This weight is provided for city or parish school systems to 23 recognize a base amount of funding for fixed overhead costs that should be provided when 24 student populations equal 7,500 students or less. The Economy of Scale Weight is calculated 25 as a curvilinear weight of 20% at a student membership count of zero down to 0% at a 26 student membership count equal to or greater than 7,500. To calculate this weight, the 27 February 1 Student Membership Count for each city and parish school system is subtracted 28 from 7,500 and divided by 37,500. The result of this calculation is then multiplied by each 29 system's February 1 Student Membership Count to determine the weighted students.

30	STEP THREE: Determine Total Weighted Student Membership Count
31	Formula:
32	Total Weighted Student Membership Count
33	Equals
34	February 1 Student Membership Count (1.0)
35	Plus
36	Low Income and English Language Learner Weight
37	Career and Technical Education Weight
38	Special Education Weight
39	Gifted and Talented Weight
40	Economy of Scale Weight
41	STEP FOUR: Identify the State and Local Base Cost Per Pupil
42	<u>Formula:</u>
43	The State and Local Base Cost Per Pupil shall equal \$3,961.
44	STEP FIVE: Determine Total MFP Educational Costs
45	Formula:
46	Total MFP Educational Costs
47	Equals
48	Total Weighted Student Membership Count
49	Multiplied by
50	State and Local Base Cost Per Pupil
51	2. Determine State and Local Cost Allocation

1 The Total MFP Educational Costs are shared between the State and the city or parish school

2 systems. The ability of school systems to support the cost of education in their communities

3 is measured by the potential to raise local revenue. This potential contribution is measured

4 by the following three factors using the latest available data as reported through the Annual

Financial Report (AFR) as required by R.S. 17:92: 5

- Local Property Tax Revenue Contribution 6 1.
- 7 2. Local Sales Tax Revenue Contribution
- Other Local Revenue Contribution 8 3.

9	STEP ONE - Determine the Local Property Tax Revenue Contribution
10	<u>Formula:</u>
11	Local Property Tax Revenue Contribution
12	Equals
13	State Computed Property Tax Millage (debt and non-debt)
14	Times
15	Net Assessed Property Value

16 Net Assessed Property Value Increase Cap - If a school system's Net Assessed Property Value has increased equal to or greater than 10% over the prior year Net Assessed Property 17 18 Value, then the growth in the Net Assessed Property Value is capped at 10%. This cap is 19 applied on a year-to-year basis comparing the current year Net Assessed Property Value to

20 the prior year uncapped Net Assessed Property Value.

21 Computed Property Tax Millage - The Computed Property Tax Millage is calculated 22 annually at the rate necessary to maintain a state and local allocation ratio of 65%/35%. 23

24	STEP TWO - Determine the Local Sales Tax Revenue Contribution
25	Formula:
26	Local Sales Tax Revenue Contribution
27	Equals
28	Computed Sales Tax Base (debt and non-debt) (including TIF areas)
29	Multiplied By
30	State Computed Sales Tax Rate

Mid-Year Rate Increases - If a local school system's sales tax goes into effect during the 31 fiscal year, the tax rate is prorated to an annual rate applicable for the total revenue 32 33 generated.

Sales Tax Increase Cap - If a system's Computed Sales Tax Base increased equal to or 34 35 greater than 15% over the Computed Sales Tax Base calculated in the prior year formula, then the growth in the Computed Sales Tax Base will be capped at 15% over the amount 36 37 used in the prior year formula. This cap will be applied on a year-to-year basis comparing 38 the current year sales tax base to the prior year uncapped sales tax base.

39 Computed Sales Tax Rate - The Computed Sales Tax Rate is calculated annually at the rate 40 necessary to maintain a state and local allocation ratio of 65%/35%.

41	STEP THREE - Determine Other Local Revenue Contribution
42	Formula:
43	Other Local Revenue Contribution
44	Equals
45	State Revenue in lieu of taxes
46	Plus
47	Federal Revenue in lieu of taxes
48	Plus
49	50% of Earnings on Property
50	STEP FOUR - Determine Local Cost Allocation
51	Formula:
52	Local Cost Allocation
53	Equals

1 2	Sales Tax Contribution Plus
3	Other Revenues Contribution
4	STEP FIVE - Determine State Cost Allocation
5 6	<u>Formula:</u> State Cost Allocation
0 7	Equals
8	Total State and Local Cost
9	Minus
10	Local Cost Allocation
11 12	Minimum State Cost Allocation - In no event shall the State Cost Allocation be less than 25% of Total Level 1 Cost for any city or parish school system.
13	B. Level 2: Incentive for Local Effort
14	Level 2 provides incentives for city and parish school systems that contribute a greater
15	proportion of local revenues towards the cost of education in their communities by
16	increasing local property and sales tax revenues. This effort is measured using the latest
17	available data for the following sources of revenue as reported in the Annual Financial
18 19	Report (AFR) as required in R. S. 17:92. 1. Total Sales Taxes
20	2. Total Property Taxes
20	 State and Federal Revenue in Lieu of Taxes
22	4. 50% Earnings on Property Revenue
23	STEP ONE - Determine Eligible Local Revenue
24	Formula:
25	Eligible Local Revenue
26	Equals
27	Total Sales Tax Revenue
28	Plus Total Provident Tara December 1
29 30	Total Property Tax Revenue Plus
30 31	State and Federal Revenue in Lieu of Taxes
32	Plus
33	50% of Earnings on Property Revenue
34	STEP TWO - Determine Local Revenue Eligible for Incentive
35	Formula:
36	Local Revenue Eligible for Incentive
37 38	Equals Eligible Local Revenue
39	Minus
40	Local Cost Allocation
41	STEP THREE - Determine the Limit on Revenue Eligible for Incentive
42	Formula:
43	Limit on Revenue Eligible for Incentive
44	Equals
45	Total State and Local Cost Allocation
46 47	Multiplied by 34%
48	STEP FOUR - Determine Local Support of Level 2 Incentive
49	Formula:
50	Local Support of Level 2 Incentive
51	Equals
52	Lesser of Local Revenue Eligible for Incentive or Limit on Local Revenue
53	Eligible for Incentive

1		Multiplied by
2		Cost Allocation Percentage (Level 1)
3		Multiplied by
4	Level 2	Incentive Factor
5 6		ive Factor - The Level 2 Incentive Factor determines the amount of local d in Level 2. In FY 14-15, the Level 2 Incentive Factor is established at 1.72.
7 8 9 10	<u>Formul</u> State Su	Determine State Cost of Level 2 Incentive <u>a:</u> upport of Level 2 Incentive Equals

Calculate Hold Harmless Enhancement Dating School Systems - The following school systems have a remaining larmless or "overfunded" allocation: Concordia, East Baton Rouge, line, Iberville, Jefferson, Plaquemines, St. Charles, St. James, and West

Feliciana.
 Allocation Adjustment - After subtracting amounts attributable to insurance
 supplements and legislative pay raises provided between FY 1993-94 and FY

1 1998-99 from the FY 2006-07 Hold Harmless amount, a revised Hold Harmless 2 amount is calculated. Each of the remaining Hold Harmless school systems will 3 receive a reduction of 10% to their remaining Hold Harmless allocation. On an 4 annual basis, any Hold Harmless system may choose to reduce the remaining balance 5 by an amount greater than 10% through formal notification to the Louisiana 6 Department of Education. This request must take place no later than June 30th each 7 year.

Redistribution Allocation - The annual 10% reduction amount will be redistributed in a per pupil amount to all non-hold harmless systems.

10 STEP THREE: Determine Allocation for Increasing Mandated Costs in Health 11 Insurance, Retirement, and Fuel

12 City and parish school systems shall receive a minimum of \$100.00 for each student in the 13 prior year February 1 membership to offset these increasing operational costs.

- The following formula is applied to determine the Level 1, 2, and 3 State Cost Allocation
- 15 Per Pupil:

8 9

16	Formula:
17	Level 1, 2, and 3 State Cost Allocation Per Pupil
18	Equals
19	Level 1 State Cost Allocation Per Pupil
20	Plus
21	Level 2 State Cost Allocation Per Pupil
22	Plus
23	Level 3 State Cost Allocation Per Pupil
23	Level 5 State Cost Anocation Per Pupi

24 D. Level 4: Supplementary Allocations

- 25 1. Specific Needs Allocations
- 26 Specific Needs Allocations provide funding for four allocations for specific purposes and
- is in addition to system level allocations from Levels 1, 2, and 3. These allocations are as
- 28 follows:

29 Formula: 30 **Total Level 4 Supplementary Allocations** 31 Equals 32 Foreign Language Associate Program Salary and Stipend Allocation 33 Plus 34 **Career Development Allocation** 35 Plus 36 **High Cost Services Assistance Allocation** 37 Plus 38 **Supplemental Course Allocation**

39 STEP ONE: Calculate Foreign Language Associate Salary and Stipend Allocation

40 Salary Allocation - Any city, parish, or other public school system or school 41 employing a Foreign Language Associate or a graduate of the Escadrille Louisiane program 42 shall receive a supplemental allocation from State Board of Elementary and Secondary 43 Education of \$21,000 per teacher. The state shall maintain support of the Foreign Language 44 Associate program at a maximum of 300 Foreign Language Associates employed in any 45 given year.

These teachers shall be paid by the employing city, parish, or other local public school system or school at least the state average classroom teacher salary (without PIP) by years of experience and degree beginning with year three. Of the \$21,000 allocation, \$20,000 shall be allocated to the school where the teacher is employed and the funds used to support the total cost of the teacher salary, and the remaining amount shall be associated with costs of VISA sponsorship pursuant to State Board of Elementary and Secondary Education regulations.

53 **Stipend Allocation** - First year teachers will receive an installation incentive of an 54 additional \$6,000; second and third year teachers will receive a retention incentive of an additional \$4,000. These amounts must be provided to each Foreign Associate Teacher or
 Escadrille Louisiane graduate by each school district or school in which they are employed.

3 STEP TWO: Career Development Allocation

The cost of providing materials and equipment, and teacher credentialing and training to attain a statewide industry-based credential is above and beyond the cost typically required for high school courses. An allocation will be provided to support the development of these technical courses required for statewide credentials in city and parish school systems and other public schools.

9 The first step in the allocation is to calculate six percent (6%) of the MFP State and 10 Local Base Cost Per Pupil to determine the Career Development Per Pupil Amount. The 11 Career Development Per Pupil Amount will be provided for each qualifying student course 12 enrollment in grades 9 through 12.

If a city or parish school system receives less than \$25,000 from the Career Development Per Pupil Amount, then the city or parish school system will be provided an economies of scale minimum allocation of \$25,000. If local public school systems and schools containing grades 9 through 12 receive less than \$10,000 from the Per Pupil Amount, then the other public schools containing grades 9 through 12 will be provided an economies of scale minimum allocation of \$10,000.

19	Formula:
20	Career Development Allocation Per Pupil
21	Equals
22	MFP State and Local Base Cost Per Pupil
23	Multiplied By
24	Six Percent (6%)
25	Formula:
25 26	<u>Formula:</u> Career Development Allocation
26	Career Development Allocation
26 27	Career Development Allocation Equals

31 STEP THREE: Calculate High Cost Services Assistance

High cost services for students with disabilities generate a particular budgetchallenge for city, parish, and other public school systems and schools.

In an effort to assist with these expenses, an allocation will be provided to city, parish, and other public school systems and schools which submit documentation as required by the Louisiana Department of Education substantiating that the prior year cost of services for a specific student exceeds three times the most recent state average total expenditure per pupil amount.

Once costs associated with providing services for a student with disabilities have been verified, the city or parish school system or other public schools will be eligible to receive an allocation to assist with these costs. The allocation will be limited by the amount budgeted for the High Cost Services Assistance Allocation. So as to be equitably distributed, the total allocation provided to city and parish school systems versus other public schools shall be proportional to the share of total qualifying applications submitted by city and parish school systems versus other public schools.

The first step in the allocation will be to calculate the impact of these costs on the budget of the school system or school using the latest available state and local revenue data. The High Cost Services requested for reimbursement will be reduced by the MFP state and local amount allocated on behalf of each student from Levels 1, 2, and 3. The next step will rank the Percent (%) Impact from highest to lowest percent, with two separate rank listings for school systems and other public schools.

52	<u>Formula:</u>
53	Percent (%) Impact on Budget
54	Equals
55	Cost of Services
56	Divided By

1 Total State and Local Revenue

The two rank listings will be divided into four tiers and allocations will be provided based on a percentage from one hundred percent reimbursement in the highest funded tier with smaller percentages reimbursed in the lower tiers based on where the school system or school falls within the tiers on one of the two lists.

6 STEP FOUR: Calculate Supplemental Course Allocation

Pursuant to R.S. 17:4002.1 through 4002.6, the Supplemental Course Allocation shall
provide for the cost of secondary course choices specifically approved by the State Board
of Elementary and Secondary Education. For each city and parish school system and other
public school, the allocation shall equal the number of students enrolled in grades 7 through
12 as of February 1 each year multiplied by \$59 per pupil.

12 Formula:

51

52

53

54

Supplemental Course Allocation for School Systems or Other Public Schools Equals

- Supplemental Course Allocation Per Pupil
- Multiplied By

Number of Students in Grades 7 through 12

18 If the entire allocation is not committed by the city or parish public school systems 19 or other public school by a date set forth by the Louisiana Department of Education, the 20 original allocation will be reduced by the uncommitted amount. The total uncommitted 21 amount from each city or parish public school systems or other public school will be 22 reallocated to those city or parish public school systems or other public schools that 23 obligated one hundred percent of their original allocation based on criteria set forth by the 24 Louisiana Department of Education.

25 2. Allocations for Other Public Schools

STEP ONE: Louisiana State University and Southern University Laboratory Schools State Cost Allocation

a. The February 1 Student Membership count at the Louisiana State
University and Southern University Lab Schools shall be multiplied by the Average
State Cost Allocation Per Pupil to equal the Louisiana State University and Southern
University Lab Schools State Cost Allocation.

b. Funds appropriated for these schools shall be allocated to the
 institution of higher education operating such a school. Each such institution of
 higher education shall ensure the equitable expenditure of such funds to operate such
 schools.

36 STEP TWO: Legacy Type 2 Charter Schools

A Legacy Type 2 Charter school is a Type 2 Charter school approved before July 1, 2008
by the State Board of Elementary and Secondary Education.

- 391.State Cost Allocation
 - a. Any Legacy Type 2 Charter school shall annually be allocated funds as determined by applying the formula contained in R. S. 17:3995.
 b. The State Cost Allocation equals the number of students multiplied by the State Per Pupil for the system where the student resides.
 - 2. Local Cost Allocation
 - a. Any Legacy Type 2 Charter school shall annually be allocated funds as determined by applying the formula contained in R. S. 17:3995.
 - b. The Local Cost Allocation equals the number of students multiplied by the Local Per Pupil for the system where the student resides.
 - c. For any student enrolled in a Legacy Type 2 Charter school, the Local Cost Allocation shall be funded by the State.

43

44

45

The exclusion of any portion of local revenues specifically dedicated by the legislature or by voter approval to capital outlay or debt service shall be applicable only to a charter school housed in a facility or facilities provided by the district in which the charter school is located.

6 STEP THREE: Office of Juvenile Justice (OJJ) Schools

1. Eligible Schools - Any elementary and secondary school operated by the Office
of Juvenile Justice (OJJ) in a secure care facility shall be considered a public elementary or
secondary school and, as such, the Office of Juvenile Justice (OJJ) shall be annually
appropriated funds for these students.

Eligible Students - Each student counted in the prior year average daily
 membership, as defined by the State Board of Elementary and Secondary Education in the
 Student Membership Definition, is calculated by dividing the number of days the student is
 under the guidance and direction of teachers by the total instructional days during the
 specified school year.

3. Allocation - The Office of Juvenile Justice (OJJ) shall annually be allocated funds
for the eligible students. For each student enrolled in these schools, both a State Cost
Allocation and a Local Cost Allocation shall be provided.

19 4. State Cost Allocation

3.

a. The State Cost Allocation is equal to the State Cost Allocation Per Pupil for the system where each student resided prior to adjudication multiplied by the prior year average daily membership of the Office of Juvenile Justice schools.

b. The State Cost Allocation Per Pupil allocation shall be adjusted based on a factor determined by the Louisiana Department of Education to provide for the differential in the number of educational days provided to the students in the custody of the Office of Juvenile Justice (OJJ).

c. Additionally, the State Cost Allocation Per Pupil shall be adjusted based on a factor determined by the Louisiana Department of Education to recognize the increased number of special education students in the Office of Juvenile Justice (OJJ) schools relative to the state average special education student population.

d. The average daily membership will be reconciled on an annual basis using the latest available data.

33 5. Local Cost Allocation34 a. Each stude

a. Each student counted in the prior year average daily membership, as defined by the State Board of Elementary and Secondary Education, shall be provided for and funded from the minimum foundation program a Local Cost Allocation Per Pupil equal to the Local Cost Allocation Per Pupil for the district where the student resided prior to adjudication.

b. The Local Cost Allocation is equal to the Local Cost Allocation Per Pupil for the system were each student resided prior to adjudication multiplied by the prior year average daily membership of the Office of Juvenile Justice schools.

c. For the purpose of the Local Cost Allocation Per Pupil, the average daily membership of the Office of Juvenile Justice (OJJ) shall be included in the membership counts of the city, parish, or other local public school board in which the student resided prior to adjudication to the Office of Juvenile Justice.

46d. For a district(s) that shares local revenue, the allocation for the Office47of Juvenile Justice will be completed before the calculation of local revenues.

e. The Local Cost Allocation Per Pupil shall be funded with a transfer
of the MFP monthly amount representing the Local Cost Allocation Per Pupil from
the city, parish, or other local public school board in which the attending students
resided prior to adjudication to the Office of Juvenile Justice (OJJ).

f. The average daily membership will be reconciled on an annual basis
using the latest available data.

54 3. Mid-Year Student Allocations

- Student counts in October and February may result in mid-year allocation
 adjustments for the following:
- 57 City and parish school systems, Recovery School District, New Type 2 Charter 58 schools, Legacy Type 2 Charter schools, Type 3B Charter schools, Louisiana State

University and Southern University Lab schools, Louisiana School for Math, Science and the Arts (LSMSA), New Orleans Center for Creative Arts (NOCCA), and THRIVE.

2. If the current year October 1 Mid-Year Student Count is more or less than the prior year February 1 student count, an adjustment to the current year allocation shall be made for each student gained or lost. The October adjustment equals the number of students gained or lost times the annual State Cost per pupil allocation amount for the system or school in which the change occurred. The February adjustment equals the number of students gained or lost times one-half of the State Cost per pupil allocation for the system or school in which the change occurred.

- 3. Individual adjustments shall be made for increases or decreases in the October or February Mid-Year Student Counts for the Recovery School District, the system of prior jurisdiction, and Type 5 Charter schools.
- 4. Mid-Year adjustments for the Recovery School District shall utilize the final State Cost per pupil allocation for the system of prior jurisdiction.
- If the Recovery School District qualifies for an October Mid-Year 16 5. 17 Adjustment to the State Cost per pupil allocation, a Mid-Year adjustment shall also 18 be made to the Local Cost per pupil allocation for the system of prior jurisdiction. 19 The October Local Cost per pupil allocation shall be recalculated based on updated 20 revenue data for the system of prior jurisdiction. There shall be no recalculation of the Local Cost per pupil allocation in conjunction with the February 1 student count. 21 City, Parish, or Local public school systems or schools in the first year of 22 6. 23 operation are not eligible for an October Mid-Year Adjustment. However, their 24 allocation will be finalized using October 1 data. The newly opened city, parish, or local public school systems or schools will qualify for the February 1 mid-year 25 26 adjustment.
- 27 7. October and February Mid-Year Adjustments shall be combined and applied
 28 in the March through June payments.

40 II. FORMULA CALCULATIONS FOR STATE-APPROVED PUBLIC SCHOOLS 41 A. Recovery School District

- 42 1. State Cost Allocation
 - a. Once all final calculations are made, the final State Cost Allocation Per Pupil Amount for the city or parish school system which counted the Recovery School District students will be multiplied by the February 1 Recovery School District Student Membership Count to equal the Recovery School District State Cost Allocation.
 - b. In a system with one or more Type 3B charter schools, if the Type 3B charter is not its own LEA, the local school system shall distribute minimum foundation program formula funds to each Type 3B charter school in the system pursuant to calculations determined by the Louisiana Department of Education. If the Type 3B charter is its own LEA, such payments shall be made to the Type 3B charter school by the Louisiana Department of Education. Such calculations shall include differentiated funding weights for certain students, including students identified as being eligible for special education services. The calculations shall ensure equity so that each Type 3B charter school in the system receives a per-pupil amount equal to the amount

a Type 5 charter school located in the same parish or school system boundary would have received from the Recovery School District (RSD).

4 2. Local Cost Allocation 5 a. In addition to th

a. In addition to the State Cost Allocation, the Recovery School District shall receive an applicable Local Cost Allocation.

Local Cost Allocation Per Pupil

Equals

Projected Local Revenues from District of Prior Jurisdiction Divided by

Total School District Membership (Recovery School District Student Membership Count plus Student Membership Count for the system of prior jurisdiction plus New Type 2 Charter school students residing in the jurisdiction)

b. To begin the fiscal year, the Local Cost allocation is based on eligible projected local revenues for the most recent prior fiscal year from the city or parish school district that had jurisdiction of the school prior to its transfer.

c. For purposes of the Recovery School District calculation, local revenue is defined to include revenue from the following sources, excluding any portion which has been specifically dedicated by the legislature or by voter approval to capital outlay or debt service, per the definitions in the Annual Financial Report (AFR) and the Louisiana Accounting and Uniform Governmental Handbook as reported to the Department of Education:

- 1. Sales and use taxes, less any tax collection fee paid by the school system
- 2. Ad valorem taxes, less any tax collection fee paid by the school system
- 3. Earnings from sixteenth section lands owned by the school system

d. The exclusion of any portion of local revenues specifically dedicated by the legislature or by voter approval to capital outlay or debt service shall be applicable only to a charter school housed in a facility or facilities provided by the system in which the charter school is located.

e. The projected local revenues shall be divided by the Total School District Membership Count including the Recovery School District Student Membership Count, both operated and charter schools, plus the Student Membership Count of the system of prior jurisdiction. If any New Type 2 Charter School student resides within the physical boundaries of the system of prior jurisdiction, this school the student attends shares in the local revenues of the system of prior jurisdiction. As a result, the New Type 2 Charter School Student Membership Count of the students residing in the jurisdiction will be added to the Recovery School District and the system of prior jurisdiction Student Membership Count.

f. The Local Cost Allocation for the Recovery School District is
determined by multiplying the local revenue per pupil times the number of Recovery
School District students used in the MFP final allocation.

amount that is transferred from the MFP monthly allocation of the city, parish, or other local public school board of prior jurisdiction to the Recovery School District. h. Based on the October 1 Student Membership Count, the local revenue allocation per student will be recalculated and there will be a corresponding adjustment in the local revenue allocation. No recalculation of the local revenues per student will occur as a result of the February 1 Student Count adjustment.

i. During the third quarter of the fiscal year, the local revenue allocation per student shall be adjusted to reflect actual prior year local revenue data.

j. A final reconciliation will occur based upon the receipt of the annual audited financial statements of the system of prior jurisdiction. If an increase or decrease in local revenue collections exists, the state superintendent may establish a payment schedule. In the event that the fiscal status of the system of prior jurisdiction or the Recovery School District changes during the fiscal year or on or before the final reconciliation, the state superintendent may adjust the local revenue based on the revenues identified.

14 3. Monies appropriated to the Recovery School District, except for 15 administrative costs, that are attributable to the transfer of a school from a prior school 16 system and monies allocated or transferred from the prior system to the Recovery School 17 District shall be expended solely on the operation of schools transferred from the prior 18 system to the jurisdiction of the Recovery School District.

B. New Type 2 Charter Schools

A New Type 2 Charter school is a Type 2 Charter school approved after July 1, 2008 by the
State Board of Elementary and Secondary Education.

1. State Cost Allocation

a. Any New Type 2 Charter School shall annually be provided a StateCost Allocation as determined by applying the formula contained in R.S. 17:3995.b. The State Cost Allocation equals the number of students multiplied

by the State Cost Allocation Per Pupil for the system in which the student resides.

c. Mid-Year Adjustments shall adhere to the guidelines established in this document.

2. Local Cost Allocation

a. Any New Type 2 Charter school shall annually be provided a Local Cost Allocation by applying the formula contained in R. S. 17:3995.

b. The Local Cost Allocation equals the number of students multiplied by the Local Cost Allocation Per Pupil for the system in which the student resides.

c. One exception to R. S. 17:3995 is that the Local Cost allocation will be funded with a transfer of the MFP monthly amount representing the Local Cost Allocation from the city or parish school system in which the attending students reside.

- 38d.The city or parish where students attending the New Type 2 Charter39school reside is the local taxing authority and shall provide the local support for the40students.
- 41 e. Mid-Year Adjustments will adhere to the guidelines established in
 42 this document.
 43 3. Virtual Charter schools may receive, as approved by the State Board of

3. Virtual Charter schools may receive, as approved by the State Board of Elementary and Secondary Education, a lesser percentage of the state and local amount calculated in R.S. 17:3995.

1 2 3 4 5 6		Center 1. Orlean	uisiana School for Math, Science, and the Arts (LSMSA), New Orleans r for Creative Arts (NOCCA), and THRIVE. The Louisiana School for Math, Science and the Arts (LSMSA), New is Center for Creative Arts (NOCCA), and THRIVE shall be provided both a nd Local Cost allocation. State Cost Allocation
7 8 9 10		3.	a. The State Cost Allocation shall be based on the State Cost Allocation Per Pupil for the city or parish school system where the attending students reside. Local Cost Allocation
10 11 12 13 14 15 16 17 18 19		3.	 a. The Local Cost Allocation will be based on the Local Cost Allocation for the city or parish school system where the attending students reside. b. For any student enrolled in LSMSA, NOCCA, or THRIVE, the Local Cost Allocation Per Pupil shall be funded by the State. c. Where student attendance is from multiple school systems, the Department of Education shall determine the Local Cost Allocation based on students reported by the schools.
20 21 22 23 24 25 26 27 28 29 30	III.	FORM A.	 1ULA PROCEDURES <u>Preliminary Allocation</u> The minimum foundation program formula for the upcoming fiscal year adopted by the State Board of Elementary and Secondary Education, along with a preliminary allocation schedule representing the estimated cost of the proposed formula, shall be submitted to the Joint Legislative Committee on the Budget and to the House and Senate Education Committees for consideration no later than March 15. This preliminary allocation shall utilize student and other input data available at the time.
31 32 33 34 35 36 37 38		В.	<u>Final Allocation</u> Final allocations for the fiscal year in which the formula takes effect will be determined no later than June 30 of the preceding fiscal year. The latest available data will be utilized to calculate the final allocation except that student count estimates will be utilized for school systems or charter schools opening for the first time in the fiscal year beginning July 1. For first-year city, parish, or other public school systems or schools, the final allocation will be based on the October 1 count, once available.
 39 40 41 42 43 44 	IV.	FORM A.	IULA PAYMENTSPayment Procedures 1. The Total MFP State Cost Allocation for city, parish, and otherschool systems and schools will be converted to monthly payments from Julythrough June each year except payments will be made on Level 4 allocationsas data becomes available.
45 46 47 48 49 50		В.	Requested Payment Adjustments 1. If the city, parish, or other school systems and schools have documented growth in students prior to the actual Mid-Year Student Counts in October and February, a temporary change to the final allocation may be requested. The State Superintendent is authorized to approve or deny this revision.
51 52 53 54 55 56 57		C	 a. Sufficient documentation will be requested to substantiate this requested allocation adjustment. b. The adjusted allocation will remain in effect until the actual October or February Mid-Year Student Count. Once the Mid-Year Student Count is final, reconciliation will be completed and payments adjusted accordingly.
57		C.	Payment Adjustments for Audit Findings

1 Review and/or audit of the systems' or schools' data used in 1 2 determining their Minimum Foundation Program allocation may result in changes 3 in final statistical information. The Minimum Foundation Program allocation adjustments necessary as a result of these audit findings will be made in the 4 5 following school year. These adjustments are applicable to the following: city or 6 parish school systems, Recovery School District, Type 2 Charter schools, Type 3B 7 Charter schools, Louisiana State University and Southern University Lab schools, Office of Juvenile Justice (OJJ) schools, Louisiana School for Math, Science and the 8 9 Arts (LSMSA), New Orleans Center for Creative Arts (NOCCA), and THRIVE.

10 V. 70% EXPENDITURE REQUIREMENT

To provide for appropriate accountability of state funds while providing city, parish, or local public school systems or other public schools flexibility in determining specific expenditures, city, parish, or local public school systems or other public schools must ensure that 70% of the city, parish, or local public school system or other public school general fund expenditures are in the areas of instruction and school administration at the school building level as developed by the Department of Education and defined by the State Board of Elementary and Secondary Education regulations.

18 VII. SEVERABILITY PROVISION

If any provision of this minimum foundation formula or the application thereof is held invalid, such invalidity shall not affect other provisions or applications of this minimum foundation formula which can be given effect without the invalid provisions or applications, and to this end the provisions of this minimum foundation formula are hereby declared severable. The severability provision hereof shall be broadly construed so as to give effect to each and every possible provision or application of this minimum foundation formula

26 <u>VIII.</u> <u>EMERGENCY ASSISTANCE</u>

27 <u>Emergency assistance will be provided in FY 2017-18 in two categories:</u>

28 A. <u>Natural Disaster</u>

29 Funding assistance will be provided to city, parish, or other public school systems or schools for the significant loss of students as the result of a natural disaster, if all 30 four of the following criteria are met by a city, parish, or other public school system 31 32 or school: 33 1. Located within a parish that was identified in a federal disaster declaration between March 2016 and April 2017, AND 34 35 2. 2017-18 July MFP formula allocation is less than the 2016-17 July MFP formula allocation, AND 36 Experiences a decrease in the February 1, 2017 MFP student count 37 3. as compared to the February 1, 2016 MFP student count, AND 38 39 Students exiting as the result of a disaster were reported through the 4. February 1, 2017 student count, and disaster exits were seven (7) 40 41 percent or greater of all student exits. Upon qualifying for all four criteria, additional funding will be provided as follows: 42 If the number of student exits as the result of a disaster as a 43 a. 44 percent of total exits are between seven (7) and nineteen (19) 45 percent, an allocation will be provided equal to 50 percent of 46 the decrease calculated in the 2017-18 MFP allocation and any downward funding adjustments as a result of the 2017-18 47

1 2	October or February Mid-Year Adjustments will not be implemented.
3	b. If the number of student exits as the result of a disaster as a
4	percent of total exits are twenty (20) percent or greater, an
5	allocation will be provided equal to 100 percent of the
6	decrease calculated in the 2017-18 MFP allocation and any
7	downward funding adjustments as a result of the 2017-18
8	October or February Mid-Year Adjustments will not be
9	implemented.
10	B. <u>Military Deployment</u>
11	In the event of a deployment of a brigade combat team or a combination of units of
12	approximately the same size from a Louisiana military base on or before September
13	30, 2017, anticipated to result in at least a ten (10) percent reduction in military
14	connected students, the 2017-18 MFP state allocation for the school district in which
15	the military base is located will be held constant and any downward funding
16	adjustments as a result of the 2017-18 October or February Mid-Year Adjustments
17	would not be implemented."
18	AMENDMENT NO. 4
