23 PART V. COMMUNITY-BASED CARE FACILITIES

24 §2162.1. Short title

25 This Part may be cited as the "Community-Based Care Facility Licensing
26 Law".

27 §2162.2. Findings and purpose

28 A. The legislature hereby finds and declares the following:

29 (1) It is the policy of this state to ensure delivery of sufficient support
30 services in order to successfully transition adult patients with a primary diagnosis of

1 mental illness from inpatient psychiatric facilities to the most appropriate outpatient
 2 setting.

3 (2) Repeated admissions of persons to inpatient psychiatric units is a
 4 significant problem which often results in inadequate care and a failure to stabilize
 5 the patient, especially if the patient is homeless or has unstable living arrangements.

6 (3) Community-based residential programs are a more cost-effective form
 7 of treatment and a more appropriate treatment option for persons with mental illness
 8 than emergency room visits, unnecessary long-term stays in psychiatric hospitals,
 9 and incarceration.

10 (4) Licensing of community-based residential programs to operate in state-
 11 owned residential buildings presents an opportunity for adaptive and innovative use
 12 of those buildings and for optimization of state resources.

13 (5) Persons with a mental illness who are treated in a psychiatric facility and
 14 released without a stable transitional plan of care are at high risk for hospitalization,
 15 incarceration, and psychiatric readmission.

16 (6) It is a fiscal and public health priority of this state to establish a licensing
 17 component for adult community-based residential facilities which has historically
 18 been missing in the continuum of services for adults with a primary diagnosis of
 19 mental illness.

20 B. The purpose of this Part is to authorize the Louisiana Department of
 21 Health to promulgate and adopt rules, regulations, and standards to license and
 22 regulate facilities to be operated as community-based care facilities in order to
 23 provide for the health, safety, and welfare of persons with mental illness.

3 R.S. 40:2006.

4 C. Following receipt of the completed initial licensing application and
5 license fee, the department shall perform an onsite survey and inspection. After the
6 onsite survey and inspection, if the department finds that the applicant meets the
7 requirements established in this Part and in the licensing standards adopted pursuant
8 to this Part, then the department shall issue a license to the applicant.
