**ACT 103 (HB 410)**

**2017 Regular Session**

**Jackson**

Existing law provides for the La. Public Defender Board, consisting of 11 members, within the office of the governor to provide for the supervision, administration, and delivery of a statewide public defender system.

Prior law required a quorum of eight voting members in order for the board to transact business.

New law reduces the quorum necessary for the board from eight voting members to a majority of the voting members.

Effective August 1, 2017.
