

RÉSUMÉ DIGEST

ACT 83 (HB 200)

2017 Regular Session

Falconer

Existing law (Act No. 164 of the 1984 R.S.) creates and provides for the Municipal Police Employees Civil Service in the city of Mandeville. Provides that classified civil service shall embrace all positions of employment and all officers and employees. Existing law creates and provides for a Municipal Police Employees Civil Service Board of the city of Mandeville for the purpose of administering the classified civil service system.

Prior law authorized the civil service board, subject to the approval of the governing authority of Mandeville, to appoint and employ a personnel director who was a member of the classified civil service system and was responsible to the board for the administration of the system. Provided relative to the qualifications and compensation of the personnel director. Further authorized the board, in lieu of appointing a personnel director, to assume all the powers and duties of the personnel director.

Existing law (the Mandeville home rule charter) creates and provides for a civil service system for other municipal employees in Mandeville.

New law provides that the human resources director for the classified civil service system for other municipal employees shall be the personnel director for the classified civil service system for police personnel.

Effective on the first day of January following an election at which the voters of Mandeville approve an amendment to the city's home rule charter to provide that the human resources director of the classified civil service system for other municipal employees shall be the personnel director of the classified civil service system for police personnel.

(Amends Act No. 164 of 1984 R.S., §3)
