Subject: Collection of Disallowed Nonrefundable Tax Credits	

COMMERCIAL REGULATIONS EG SEE FISC NOTE GF RV See Note Page 1 of 1
 Provides relative to collection of certain disallowed tax benefits from taxpayers. (8/1/18)

Current law provides procedure for the LA Dept. of Revenue (LDR) Secretary to collect rebates or refundable tax credits previously granted to a taxpayer, but later disallowed.

Proposed law subjects the collection of all tax benefits, including nonrefundable tax credits, exemptions, and deductions, that were initially granted but later disallowed to the same procedure as collection of disallowed rebates or refundable credits.

Effective August 1, 2018.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

Proposed law authorizes the Department of Revenue (LDR) to use existing collection remedies for disallowed refundable tax credits and rebates for the collection of all tax benefits that were initially granted but later disallowed, including nonrefundable credits.

According to LDR, proposed law would allow the Department to extend the collection of some disallowed tax benefits up to two years beyond prescription. To the extent enforcement efforts are enhanced, some marginal increase in collections may be realized.
