28 Any person desiring to lease any land as set forth in this Part shall present to
29 the lessor a written application, together with a cash deposit of twenty-five dollars,

1 which shall be returned to the applicant if he makes an unsuccessful bid, after a sum
 2 sufficient to pay the advertising costs has been deducted. The application shall set
 3 forth the name and address of the applicant, a reasonably definite description of the
 4 location and amount of land which the applicant desires to lease, and the purposes
 5 for which the lands are to be leased. Where such purposes include the placement of
 6 structures, obstacles, fill, or any other materials upon state lands, the application
 7 must be accompanied by legible copies of maps, plans, specifications, and such other
 8 information or data as may be required by the ~~secretary of the Department of Natural~~
 9 ~~Resources~~ **register of the state land office**. The applicant shall ask that the
 10 application be registered, and that the land described ~~therein~~ **in the application** be
 11 leased to him ~~under~~ **pursuant to** the provision of this Part. The lessor shall register
 12 the application and shall order an inquiry to determine whether the lands applied for
 13 are leaseable for such purposes.

15 §1701. Declaration of policy; public trust

16 The beds and bottoms of all navigable waters and the banks or shores of bays,
 17 arms of the sea, the Gulf of Mexico, and navigable lakes belong to the state of
 18 Louisiana, and the policy of this state is hereby declared to be that these lands and
 19 water bottoms, hereinafter referred to as "public lands", shall be protected,
 20 administered, and conserved to best ensure full public navigation, fishery, recreation,
 21 and other interests. Unregulated encroachments upon these properties may result in
 22 injury and interference with the public use and enjoyment and may create hazards
 23 to the health, safety, and welfare of the citizens of this state. To provide for the
 24 orderly protection and management of these state-owned properties and serve the
 25 best interests of all citizens, the lands and water bottoms, except those excluded and
 26 exempted and as otherwise provided by this Chapter, or as otherwise provided by
 27 law, shall be under the management of the ~~Department of Natural Resources~~ **division**
 28 **of administration**, hereinafter referred to as the "~~department~~ **division**". The ~~State~~
 29 ~~Land Office~~ **state land office**, hereinafter referred to as the "office", shall be

1 responsible for the control, permitting, and leasing of encroachments upon public
2 lands, in accordance with this Chapter and the laws of Louisiana and the United
3 States.

4 * * *

5 §1703. Permits and licenses for encroachments other than reclamation projects

6 A. Encroachments, other than those provided in ~~Section~~ **R.S. 41:1702**, may
7 be permitted and licensed by the ~~department~~ **division** under the provisions of this
8 Chapter.

9 B. ~~As provided herein, the State Land Office~~ **The office**, with the aid of ~~the~~
10 **division**, the Department of Natural Resources, the Department of Wildlife and
11 Fisheries, ~~the~~ Department of Transportation and Development, and the attorney
12 general, shall adopt regulations to implement this Chapter, including the granting and
13 revoking of permits, leases or licenses, processing of applications, establishing fee
14 schedules, collecting of fees or revenues for all manner of encroachments, and shall
15 create an overall and comprehensive plan for the orderly development and
16 preservation of state lands so as to ensure maximum benefit and use, all in
17 accordance with the law. The office shall maintain a current inventory of state lands
18 and a depository in which shall be recorded and preserved all records, surveys, plats,
19 applications, permits, leases, licenses, and other evidence pertaining to the trust
20 lands, their description, disposition, and encroachments thereon.

21 * * *

22 §1706. Classes of permits

23 * * *

24 B. All permits shall be subject to the regulations and procedures established
25 ~~herein~~ **by this Chapter** and adopted by the ~~department~~ **division** or the office. The
26 requirements and procedures for applicants established in R.S. 41:1702(D)(1) to
27 implement reclamation of eroded lands shall govern reclamation projects ~~thereunder~~;
28 the regulations and procedures established by other Sections of this Chapter shall
29 only apply to Class A Permits when no conflict exists with R.S. 41:1702.

1 Noncommercial piers and wharves shall not be subject to permit requirements.

2 * * *

3 §1713. Leases and permits, cause for cancellation or revocation

4 A. Abandonment of an encroachment, or noncompliance with the law, this
5 Chapter, or regulations and standards adopted ~~thereunder~~, shall result in the
6 revocation or cancellation of any permit or lease unless the persons responsible
7 remedy the problem or violation within thirty days of written or published notice, by
8 the ~~department~~ **division** or office, as applicable, specifying the violation. The period
9 for compliance may be extended for additional thirty-day periods up to one hundred
10 twenty days total, upon a showing by the persons responsible of inability to comply
11 by reason of extensive work required. Where force majeure prevents the persons
12 responsible from complying with the ~~department's~~ **division's** or the office's demand,
13 the thirty-day corrective period shall be suspended until such date when work
14 becomes reasonably possible.

16 Section 2. R.S. 50:171(A) is hereby amended and reenacted to read as follows:

17 §171. Statewide land information mapping and records system; standards

18 A. The ~~Department of Natural Resources, office of state lands,~~ **state land**
19 **office** shall establish, promulgate, and maintain appropriate standards for a statewide
20 land information mapping and map records system of all lands, private and public,
21 within the state of Louisiana to promote and ensure compatibility, uniformity, and
22 cost-effectiveness by public entities. These standards shall be developed to include
23 the establishment of appropriate photogrammetric or electronic mapping techniques
24 and procedures which efficiently accommodate land information collection,
25 maintenance, sharing, and retrieval. The department shall adopt these standards by
26 rules adopted pursuant to the Administrative Procedure Act prior to January 1, 1991.
