EXPENDITURE EXPLANATION

There is no anticipated direct material effect on overall local governmental expenditures as a result of this measure.

R.S. 24:513(J)(1)(c)(v)(aa) provides for enhanced additional oversight by the Louisiana Legislative Auditor (LLA), who prescribes certain procedures that are performed in addition to each local entity's (those with revenues > \$75K) annual reporting requirements in St. Tammany Parish.

SB 360 is not expected to have a net fiscal impact on either local entity revenues or expenditures in the aggregate because the cost savings of reductions in procedures prescribed for any one entity may likely be offset by the increased costs of additional procedures assigned to other entities depending on their current risk assessments.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
