EXPENDITURE EXPLANATION

Proposed law authorizes the sharing of confidential taxpayer data between LDR and the LDH Medicaid fraud unit, at the discretion of the LDR Secretary, for the purposes of verifying individual eligibility for Medicaid.

Proposed law does not mandate the sharing of confidential taxpayer data between agencies, the construction of a secure or automated data transfer for these purposes, or any new or increased eligibility verification activity within LDR or LDH.

LFO assumes that any increase in expenditures due to data sharing requirements or eligibility verification efforts would be incurred as a result of separate legislation or an agency administrative rule, the costs of which would be attributable to that legislation or agency administrative rule.

HB 2 of the 2018 First Extraordinary Session provided for confidential taxpayer data-sharing, as well as increased LDR and LDH responsibility for eligibility verification and fraud detection efforts. Discussion of potential costs associated with such efforts are contained in the fiscal note on HB 2.
