HB 312 Reengrossed

2018 Regular Session

Abraham

Abstract: Prohibits DED from issuing final certification of production expenditures to any state-certified production required to maintain certain records pursuant to federal law.

Present law requires motion picture production companies to submit a statement to the Dept. of Economic Development (DED) declaring that it is not required to maintain records for the certified production pursuant to federal law related to sexually-explicit conduct prior to DED issuing final certification of production expenditures.

Proposed law retains present law but prohibits DED from issuing final certification of production expenditures for any state-certified production required to maintain records pursuant to federal law.

Applicable to applications for initial certification for state-certified productions submitted on and after July 1, 2018.

Effective July 1, 2018.
