F.(1) The licensee shall have his physical license, or a digitized driver's license as provided in this Section, in his immediate possession at all times when driving a motor vehicle and shall display it upon demand of any officer or agent of the department or any police officer of the state, parish, or municipality, except that where the licensee has previously deposited his license as provided in Subsection C of this Section, and has received a receipt, as provided in Subsection D of this Section, the licensee shall display the receipt upon demand of any officer or agent of the department or any police officer of the state, parish, or municipality, the same to serve as a substitute for the license until the license is returned to the licensee. However, when an officer or agent of the department or any police officer of the state, or any parish or municipality has reasonable grounds to believe a person has committed an offense of driving without a valid driver's license in his possession, the police officer shall make every practical attempt based on identifying information provided by the person to confirm that the person has been issued a valid driver's license. If the police officer determines that the person has been issued a valid driver's license that is not under revocation, suspension, or cancellation, but that the license is not in his possession, the peace officer shall issue a written summons to the offender in accordance with law, commanding him to appear and answer the charge.

1	Section 2. R.S. 40:1321(B) is hereby amended and reenacted to read as follows:
2	§1321. Special identification cards; issuance; veteran designation; disabled veteran
3	designation; university logo; "I'm a Cajun" designation; needs
4	accommodation designation; fees; expiration and renewal; exceptions;
5	promulgation of rules; promotion of use; persons less than twenty-one years
6	of age; the Protect and Save our Children Program; Selective Service
7	Registration
8	* * *
9	B.(1) Each special identification card shall be accepted as valid identification
10	of the person to whom it was issued when it is presented physically or in the form
11	of a digitized special identification card for the purpose of furnishing proof of that
12	person's identification. Under no circumstances shall the state of Louisiana, or any
13	of its agencies, be held liable in any manner legally or otherwise as a result of the use
14	or misuse of a special identification card.
15	(2)(a) For purposes of this Subsection, a digitized special identification card
16	shall mean a data file available on any mobile device which has connectivity to the
17	internet through an application that allows the mobile device to download the data
18	file from the department or an authorized representative of the department and
19	contains all of the data elements visible on the face and back of the special
20	identification card, displays the current status of the identification card, and shall
21	include any special identification card that complies with the standards of REAL ID
22	as provided for in Subsection P of this Section. For purposes of this Subparagraph,
23	"current status" shall include but is not limited to valid, expired, or cancelled.
24	(b) A digital copy, photograph, or image of a special identification card
25	which is not downloaded through the application on a mobile device shall not be
26	considered a valid digitized special identification card as provided by this
27	Subsection.
28	(c) In connection with requests for identification not associated with traffic
29	stops or checkpoints in Louisiana, a person may be required to produce a physical

1	special identification card to a law enforcement officer, a representative of a state or
2	federal department or agency, or a private entity when so requested and be subject
3	to all the applicable laws and consequences for failure to produce such identification
4	card.
5	(d) The Department of Public Safety and Corrections shall promulgate such
6	rules as are necessary to implement a digitized special identification card. No
7	digitized special identification card shall be valid until the department has adopted
8	such rules.
9	(e) The display of a digitized special identification card shall not serve as
10	consent or authorization for a law enforcement officer, or any other person, to search
11	view, or access any other data or application on the mobile device. If a person
12	presents their mobile device to a law enforcement officer for purposes of displaying
13	their digitized special identification card, the law enforcement officer shall promptly
14	return the mobile device to the person once he has had an opportunity to verify the
15	identity of the person.
16	(f) The fee to install the application to display a digitized special

2018 Regular Session

James

Abstract: Clarifies requirements for digitized driver's licenses and establishes digitized special identification cards.

Present law defines "license" or "driver's license" as any license secured from the Dept. of Public Safety and Corrections, in accordance with <u>present law</u> to operate a motor vehicle on the highways of this state.

<u>Proposed law</u> modifies the definition of "license" and "driver's license" to include a license that complies with the standards of REAL ID as outlined in present law.

CODING: Words in struck through type are deletions from existing law; words underscored are additions.

<u>Present law</u> requires a licensee have his license, or a digitized driver's license in his immediate possession at all times when driving a motor vehicle.

<u>Proposed law</u> clarifies that the licensee must have his physical license or digitized driver's license in his immediate possession at all times when driving a motor vehicle.

<u>Present law</u> defines "digitized drivers license" as a data file available on any mobile device which has connectivity to the internet through an application that allows the mobile device to download the data file from the department or an authorized representative of the department, contains all of the data elements visible on the face and back of the license, and also displays the current status of the license.

<u>Proposed law</u> clarifies that the term "digitized driver's license" includes a license that complies with the standards of REAL ID.

<u>Present law</u> authorizes the use of a special identification card as valid identification of a person to whom it was issued when presented for the purpose of furnishing proof of identification.

<u>Proposed law</u> maintains <u>present law</u> and specifies that the special identification card must be accepted as valid identification of a person to whom it was issued when it is presented physically or in the form of a digitized special identification card.

<u>Proposed law</u> defines a "digitized special identification card" as a data file available on any mobile device which has connectivity to the internet through an application that allows the mobile device to download the data file from the department or an authorized representative of the department, contains all of the data elements visible on the face and back of the license and includes any special identification card that complies with the standards of REAL ID as outlined in present law.

<u>Proposed law</u> specifies that a digital copy, photograph, or image of a special identification card that is not downloaded through the application on a mobile device will not be considered a valid digitized special identification card.

<u>Proposed law</u> authorizes a law enforcement officer, a representative of a state or federal department or agency, or a private entity to require a person to produce a physical special identification card in connection with requests for identification not associated with traffic stops or checkpoints.

<u>Proposed law</u> requires the Dept. of Public Safety and Corrections to promulgate rules as are necessary to implement a digitized special identification card and specifies that no digitized special identification card will be valid until such rules are adopted.

<u>Proposed law</u> specifies that display of a digitized special identification card does not serve as consent or authorization for a law enforcement officer, or any other person, to search, view, or access any data or application on the mobile device and requires that a law enforcement officer promptly return the mobile device to the person once he has had an opportunity to verify the identity of the person.

<u>Proposed law</u> provides that the fee to install the application to display a digitized special identification card cannot exceed \$6.
