HB 828 Original

2018 Regular Session

Bagley

**Abstract:** Allows a required workers' compensation law notice to be sent electronically and requires the promulgation of rules to develop criteria for the electronic notification to employees.

Present law requires every employer to print and have on the business premises a notice advising employees of workers' compensation laws and the time periods involved in reporting a work-related injury or death.

Proposed law extends present law to allow that the required notice can be sent to employees electronically.

Proposed law requires the director to promulgate rules necessary for an employer to send the required notice electronically.

Proposed law requires the director to promulgate the necessary rules by Jan. 1, 2019.
