DIGEST

SB 545 Original

2018 Regular Session

Allain

Proposed law defines an "inactive well" as an unplugged well that has been spud or has been equipped with cemented casing and that has had no reported production, disposal, injection, or other permitted activity for a period of greater than six months and is not part of an approved production program.

Proposed law requires the commissioner to adopt rules and regulations in accordance with the APA to define the term "future utility" and establish the factors to be considered when making the determination of future utility.

Effective August 1, 2018.

(Amends R.S. 30:4(D)(intro para); adds R.S. 30:3(18) and 4(T))
