EXPENDITURE EXPLANATION

The Department of Environmental Quality (DEQ) anticipates additional payments of \$1,029,927 to processors for the proper disposal of collected waste tires to the authorized end use. Per LA R.S. 30:2418(I) DEQ pays processors 7.5 cents per pound.

REVENUE EXPLANATION

There will be an increase in revenue to the statutorily dedicated Waste Tire Management Fund as a result of the fee increase for passenger/light truck tires. The proposed legislation raises the waste tire fee by \$0.25 for passenger/light truck tires.

The Department of Environmental Quality (DEQ) has collected an average of \$9.15 M per year in passenger tire fees over the past five years based on the average sale of 4.6 M passenger tires annually. To the extent the average number of passenger tires purchased in future years remains consistent, DEQ expects to collect an additional \$1.1 M annually.
