SB 54 Reengrossed

DIGEST
2018 Regular Session

Martiny

Proposed law creates the crime of negligent arson. Proposed law defines negligent arson as the damaging of any property of another, movable or immovable, by the setting of fire or causing an explosion, without consent of the owner or custodian of the property, under either of the following circumstances:

- (1) The offender's criminal negligence causes the fire or explosion.
- (2) The offender's conduct, whether or not amounting to criminal negligence, causes the fire or explosion and the offender fails to report the fire or explosion, as soon as reasonably possible, to the proper authorities, including any law enforcement agency, fire department, emergency services agency within the jurisdiction in which the property is located.

Proposed law provides that if the offender knows or should have known that he has no possessory right to the property or other interest therein, or has not previously established a right of entry into or onto the property, it may be inferred that the setting of the fire or the causing of the explosion was without consent of the owner or custodian of the property.

Proposed law provides that whoever commits the crime of negligent arson, where it is foreseeable that human life might be endangered, is to be fined not more than \$3,000 and imprisoned, with or without hard labor, for not more than three years, and in addition must pay restitution.

Proposed law provides that whoever commits the crime of negligent arson resulting in death or serious bodily injury to a human being is to be fined not more than \$5,000, or imprisoned, with or without hard labor, for not more than five years, and in addition must pay restitution.

Proposed law defines "serious bodily injury" as bodily injury that involves unconsciousness, extreme physical pain or protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty, or a substantial risk of death.

Proposed law provides that any person convicted of a violation of proposed law must register with the state fire marshal in accordance with present law requiring the registration of certain arson offenders.

Effective upon signature of the governor or lapse of time for gubernatorial action.
