## SENATE COMMITTEE AMENDMENTS

2018 Regular Session

Amendments proposed by Senate Committee on Health and Welfare to Engrossed House Bill No. 546 by Representative LeBas

## 1 AMENDMENT NO. 1

2 On page 1, delete lines 5 and 6, and insert "provide for a written policy; to provide for 3 certain minimum requirements;"

## 4 AMENDMENT NO. 2

5 On page 1, delete lines 14 through 21, and on page 2 delete lines 1 through 5, and insert the 6 following:

7 "(3)(a) The Louisiana Department of Health shall promulgate rules and regulations 8 establishing a list of required medical and safety equipment which shall be carried as part 9 of the regular equipment of every ambulance. No person shall conduct, maintain, or operate 10 an ambulance which does not carry with it, in fully operational condition, all of the equipment included in the list, which shall be consistent with the scope of practice for 11 emergency medical technicians established in R.S. 40:1133.14. Each ambulance service 12 13 provider shall develop and maintain a written policy identifying the equipment 14 required to comply with the provisions of this Paragraph. At a minimum, the policy 15 shall identify the basic trauma equipment, drugs, suction and oxygen equipment, cardiopulmonary resuscitation equipment, and any other equipment required by law 16 17 that shall be maintained on the ambulance."

18 AMENDMENT NO. 3

On page 2, delete lines 17 through 29, and on page 3, delete lines 1 through 5, and insert thefollowing:

21 "(1) Does not carry with it as part of its regular equipment the list of equipment, in 22 fully operational condition, for emergency medical response vehicles as prescribed in rules 23 and regulations promulgated by the Louisiana Department of Health. This list shall be based 24 upon the recommendations of the American College of Surgeons as provided in R.S. 25 40:1135.1(A)(3). The list shall be consistent with the scope of practice for emergency 26 medical technicians established in R.S. 40:1133.14. After initial promulgation, such list shall 27 be subject to review after four years and anytime thereafter. The list shall not be changed 28 more often than once every four years. However, nothing shall preclude the Louisiana 29 Department of Health from supplementing the list with state of the art, newly developed devices, equipment, or medications that may be carried in lieu of other items on the list of 30 31 equipment. Each emergency medical response vehicle provider shall develop and 32 maintain a written policy identifying the equipment required to comply with the 33 provisions of this Paragraph. At a minimum, the policy shall identify the basic trauma 34 equipment, drugs, suction and oxygen equipment, cardiopulmonary resuscitation 35 equipment, and any other equipment required by law that shall be maintained on the 36 emergency response vehicle."
