- (1) Any school employee who learns of a threat of violence or terrorism immediately report the threat to:
 - (a) A local law enforcement agency if there is a reasonable belief that the threat is credible and imminent.
 - (b) School administrators for further investigation if the threat does not meet the standard of reasonable belief provided for in (a) above.

- (1) Begin an investigation not later than the first day that school is in session after the report is received and endeavor to complete it not later than three school days after receiving the report.
- (2) Notify the principal or other school official authorized to act in an emergency.

Proposed law provides the following relative to mandatory reporting and mental health evaluations:

Requires the law enforcement agency to file a petition with the appropriate judicial district court for medical, psychological, and psychiatric evaluation.
