

RÉSUMÉ DIGEST

ACT 345 (SB 12)

2018 Regular Session

Peacock

Prior law, relative to the Municipal Police Employees' Retirement System (MPERS), provided for definitions.

New law defines "student" to mean a person who satisfies the following criteria:

- (1) Is enrolled in an accredited high school or postsecondary institution.
- (2) Is classified as full-time.

New law defines the "surviving child" of a member to mean a child of the member by birth, adoption, or filiation who is also one of the following:

- (1) An unmarried person under age 18.
- (2) An unmarried student under age 23.
- (3) A person with a mental disability or total physical disability who is dependent on a legal guardian for subsistence.

New law provides that a child, for purposes of defining "surviving child," shall include the following:

- (1) The issue of a marriage of a member.
- (2) A legally adopted child of a member.
- (3) A child born of a female member of the system
- (4) A child of a male member of the system, if a court has rendered a judgement of filiation declaring the paternity of such member for the child or the member has formally acknowledged the child.

Prior law provided the qualifications for payment of survivor benefits accrued by an active contributing member who dies before retirement.

New law specifies that any payment of a survivor benefit to a child shall be in accordance with the definitions provided in proposed law.

New law specifies that qualifying survivor's benefits are payable upon application therefor and become effective the day following the death of the member.

New law prohibits the board of trustees from collecting overpayments of a survivor benefit paid in administrative error prior to June 30, 2018, to the surviving child of a member whose death occurred on or before June 30, 2017, except in the case of fraud.

Effective June 30, 2018.
