HB 13 Engrossed 2018 Second Extraordinary Session Jackson

Abstract: Extends the sunset date for various reductions in corporate income tax exclusions and deductions from June 30, 2018 to June 30, 2023.

Previous Act of the legislature (Act No. 123 of 2015 R.S.) temporarily reduced certain allowable exclusions and deductions from corporate income tax. Present law provides that those exclusions and deductions return to their former rates effective July 1, 2018.

Proposed law extends the sunset date of the 2015 reductions from June 30, 2018 to June 30, 2023 for the following:

(1) Exclusion of funds received by a corporation from a governmental entity to subsidize the operation and maintenance of a public transportation system; 72% exclusion is retained through June 30, 2023. (R.S. 47:51)

(2) Deduction of net operating loss of a corporation; 72% deduction is retained through June 30, 2023. (R.S. 47:246)

(3) Exclusion of funds received from a governmental entity to subsidize the operation and maintenance of a public transportation system; 72% deduction is retained through June 30, 2023. (R.S. 47:287.71)

(4) Deduction of various corporate expenses that are not allowed as deductions by I.R.C. Section 280C; 72% deduction is retained through June 30, 2023. (R.S. 47:287.73)

(5) Deduction of net operating loss incurred in La.; 72% deduction is retained through June 30, 2023. (R.S. 47:287.86)

(6) Deduction of an amount equal to interest and dividend income included on the federal income tax return; 72% deduction is retained through June 30, 2023. (R.S. 47:287.738)

(7) Exemption from corporation income and franchise taxes for certain La. Community Development Institutions; a four-year exemption is retained through June 30, 2023. (R.S. 51:3092)

Present law provides that the allowance for depletion for oil and gas wells is 15.8% of the gross income from the property during the taxable year. Proposed law changes that rate from 15.8% to

16%. Present law, effective now, provides that 80% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer. Present law, effective July 1, 2018, provides that: the depletion allowance is 22%; 100% of rents or royalties paid by the taxpayer are excluded from income; and this allowance shall not exceed 50% of the net income of the taxpayer. Proposed law changes present law by extending the sunset date on the present law rates through June 20, 2023. (R.S. 47:158(C))

Proposed law, relative to the allowance for depletion for certain mines, changes the rate for coal mines from 3.6% to 4%; for metal mines from 10.8% to 11%; and for sulphur mines from 15.8% to 16%. Present law, effective now, provides that 72% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer. Present law, effective July 1, 2018, provides that: the depletion allowances are 5% for coal mines, 15% for metal mines, and 23% for sulphur mines; 100% of rents or royalties paid by the taxpayer are excluded from income; and this allowance shall not exceed 50% of the net income of the taxpayer. Proposed law changes present law by extending the sunset date on the present law rates through June 20, 2023. (R.S. 47:158(D))

Present law provides that the deduction from gross income tax for depletion for oil and gas wells is 15.8% of the gross income from the property during the taxable year. Proposed law changes that rate from 15.8% to 16%. Present law, effective now, provides that 72% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer.
