

RÉSUMÉ DIGEST

ACT 531 (SB 360)

2018 Regular Session

Donahue

Prior law provided for the legislative auditor to develop additional criteria for submission in their annual audits by entities with revenues of more than \$75,000 per fiscal year in any parish having a population of not less than 225,000 and not more than 250,000 according to the latest federal decennial census.

New law retains prior law and further allows entities with three years of no audit findings resulting from the submission of the additional information to now only have to comply with the provision of prior law every three years rather than yearly.

Effective August 1, 2018.
