

## RÉSUMÉ DIGEST

**ACT 178 (HB 719)**

**2018 Regular Session**

**Foil**

Existing law provides for payment of medical care and related benefits that may be incurred subsequent to judgment in any suit for personal injury against the state or a state agency.

Prior law provided that the court shall order that *all* medical care and related benefits incurred subsequent to judgment be paid from the Future Medical Care Fund. New law limits payment from the Future Medical Care Fund for the medical care and related benefits that the court determines the claimant is entitled to, only and removes the requirement of a separate court order authorizing payment.

Effective August 1, 2018.

(Amends R.S. 13:5106(B)(3)(c))
