RÉSUMÉ DIGEST

ACT 197 (HB 181)

2018 Regular Session

Armes

<u>Existing law</u> provides for the Louisiana Military Advisory Council. <u>Prior law</u> required the council to be composed of 25 members. <u>New law</u> modifies <u>prior law</u> to reduce the number of council members from 25 to 19.

<u>Prior law</u> required the governor to appoint 19 members. <u>New law</u> modifies <u>prior law</u> to reduce the governor-appointed number <u>from</u> 19 to 13 members.

<u>New law</u> modifies <u>prior law</u> to reduce the appointed number <u>from</u> five <u>to</u> three concerning members appointed from retired flag, general, or O-6 officers, or a command sergeant major representing each of the armed services, national guard, and the reserves.

<u>Prior law</u> provided for nine members to be appointed at-large and to be representative of national defense and homeland security businesses with operations in La., elected officials of an installation community, or president of a regional economic development organization. <u>New law</u> reduces the <u>prior law</u> appointed number <u>from</u> nine <u>to</u> five and otherwise retains <u>prior law</u>. <u>New law</u> further provides for a quorum of eight members present and voting.

<u>Existing law</u> generally provides for the duties and powers of council members. <u>Prior law</u> required council members to take certain actions with respect to specified duties and powers. <u>New law</u> retains <u>existing law</u> duties and powers but makes them discretionary.

<u>Prior law</u> required the council to establish the Military Sustainment Working Group (hereinafter "group"). Required the group to interface directly with military installation and command leadership on matters related to mission sustainment, quality of life, installation operations, and community and state relations. Required the group to meet regularly, no less than eight times annually and at the call of the chair. Required the group to receive, collate, prioritize, and present to the council no less than twice annually the key initiatives related to mission sustainment, quality of life, installation operations, community and state relations, and a strategic plan to achieve optimal conditions. <u>New law</u> deletes prior law.

Effective August 1, 2018.

(Amends R.S. 29:62(A)(intro. para.), (2)(intro. para.), (f), and (3), 63, 65(A)(intro. para.), and 67)
