Bill Header: RETIREMENT SYSTEMS: Provides relative to public retirement systems.

Cost Summary:

The estimated net actuarial and fiscal impact of this proposed legislation on the retirement systems and their plan sponsors is summarized below. Net actuarial costs pertain to estimated changes in the *net actuarial present value of future benefit payments and administrative expenses incurred by the retirement system*. Net fiscal costs or savings pertain to changes to all cash flows over the next five year period including retirement system cash flows, OPEB cash flows, or cash flows related to local and state government entities.

An increase in actuarial costs is denoted throughout the actuarial note by “Increase” or a positive number. Actuarial savings are denoted by “Decrease” or a negative number. An increase in expenditures or revenues (fiscal impact) is denoted by “Increase” or a positive number. A decrease in expenditures or revenues is denoted by “Decrease” or a negative number.

Estimated Actuarial Impact:

The top part of the following chart shows the estimated change in the *net actuarial present value of future benefit payments and expenses*, if any, attributable to the proposed legislation. The bottom part shows the effect on cash flows (i.e., contributions, benefit payments, and administrative expenses).

Net Actuarial Costs (Liabilities) Pertaining to:		Net Actuarial Cost

Bill Information

Current Law

Current law provides that each actuarially funded state, municipal, parochial, or other retirement system supported in whole or in part by public funds is required to submit to the chairmen of the standing committees on retirement of the House of Representatives and the Senate a copy of their most recent official actuarial valuation report together with a financial statement of the system for the most recent fiscal year immediately preceding the next regular session of the legislature at least 30 days prior to the beginning of each regular session of the legislature.

Proposed Law

SB 21 requires each such retirement system submit such most recent official actuarial valuation report and financial statement to the chairmen of the standing committees on retirement of the House of Representatives and the Senate within 10 days of the system’s board adoption of the actuarial valuation report.

Implications of the Proposed Changes

SB 21 will change the timing for submitting actuarial valuation reports and financial statements to the chairmen of the standing committees on retirement of the House of Representatives and the Senate. The most recent official actuarial valuation report and financial statement will need to be submitted within 10 days of the system’s board adoption of the report instead of the current 30 days prior to the beginning of each regular session of the legislature.

ACTUARIAL NOTE SB 21**

I. ACTUARIAL IMPACT ON RETIREMENT SYSTEMS AND OPEB [Completed by LLA]

**A. Analysis of Net Actuarial Costs
(Prepared by LLA)**

This section of the actuarial note pertains to net actuarial costs or savings associated with the retirement systems and with OPEB.

1. Retirement Systems

The net actuarial cost or savings of the proposed legislation associated with the retirement systems is estimated to be \$0. The actuary's analysis is summarized below.

SB 21 changes the timing of submission of actuarial valuation reports and financial statements to the chairmen of the standing committees on retirement of the House of Representatives and the Senate. It does not change benefits or any other plan provisions or expenses, and therefore, does not have any effect on the actuarial cost or savings.

2. Other Post-employment Benefits (OPEB)

The net actuarial cost or savings of the proposed legislation associated with OPEB, including retiree health insurance premiums, is estimated to be \$0. The actuary's analysis is summarized below.

The liability for post-retirement medical insurance subsidies provided to retirees is not affected by changing the timing of submission of actuarial valuation reports and financial statements.

**B. Actuarial Data, Methods and Assumptions
(Prepared by LLA)**

Unless indicated otherwise, the actuarial note for the proposed legislation was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by the Public Retirement Systems' Actuarial Committee (PRSAC). The data, methods and assumptions are being used to provide consistency with the actuary for the retirement system who may also be providing testimony to the Senate and House retirement committees. With certain exceptions, the actuary for the LLA finds the assumptions used by the retirement systems and PRSAC to be reasonable.

**C. Actuarial Caveat
(Prepared by LLA)**

There is nothing in the proposed legislation that will compromise the signing actuary's ability to present an unbiased statement of actuarial opinion.

II. FISCAL IMPACT ON RETIREMENT SYSTEMS AND OPEB [Completed by LLA]

This section of the actuarial note pertains to fiscal (annual) costs or savings associated with the retirement systems (Table A) and with OPEB (Table B). Fiscal costs or savings in Table A include benefit-related actuarial costs and administrative costs incurred by the retirement systems.

**A. Estimated Fiscal Impact – Retirement Systems
(Prepared by LLA)**

Actuarial Disclosure: Risks Associated with Measuring Costs

This Actuarial Note is an actuarial communication, and is required to include certain disclosures in compliance with Actuarial Standards of Practice (ASOP) No. 51. Risk disclosures otherwise required by ASOP No. 51 do not apply to this Actuarial Note because the proposed bill does not significantly change the types or levels of risks of the retirement system.

**2020 REGULAR SESSION
ACTUARIAL NOTE SB 21**

Information Pertaining to Article (10)(29(F) of the Louisiana Constitution

SB 21 contains a retirement system benefit provision having an actuarial cost.

No member of any Louisiana public retirement system would receive a larger benefit with the enactment of SB 21 than what he would have received without SB 21.
