EXPENDITURE EXPLANATION

Proposed law may result in an indeterminable SGF expenditure decrease to the DPSC - CS if a person convicted in the state of a felony committed while on parole or is convicted under the laws of any other state or of the United States or any foreign government or country of an offense committed while on parole, and which if committed in this state would be a felony, his parole shall be deemed revoked as of the date of the commission of the felony or such offense under the law of the other jurisdiction. Notwithstanding any other provisions of law, proposed law provides for the new sentence of imprisonment shall be served concurrently with the terms of the imprisonment for violation of parole unless a consecutive term of imprisonment is directed by the court.

SGF expenditures will decrease by \$67.44 per offender per day if an offender is housed in a state facility or \$26.39 for a state offender housed in a local facility. An offender sentenced to the custody of the DPSC - CS for one year would decrease SGF expenditures by \$24,615.60 (\$67.44 per day x 365 days) if housed in a state facility and \$9,632.35 (\$26.39 per day x 365 days) if housed in a local facility. Approximately 50% of state offenders are housed in state facilities and approximately 50% are housed in local facilities.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
