**Subject:** Non-state projects of rural water systems

CAPITAL OUTLAY OR NO IMPACT GF EX See Note Page 1 of 1 Removes certain limitations on the exemption from local match requirements for certain rural water system projects.

The proposed law repeals the present law exception of a local match requirement for non-state entity projects of rural water systems. The <u>proposed law</u> removes the limitation that in order for a rural water system project to be exempt from its local match requirement, the project must extend or connect waterlines to other water systems. The proposed law is applicable to the funding of all non-state entity projects in the capital outlay bill beginning in FY 21.

EXPENDITURES	2020-21	2021-22	2022-23	2023-24	2024-25	5 -YEAR TOTAL
State Gen. Fd.	\$0	\$0	\$0	\$0	\$0	\$0

Annual Total	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	\$0

## **EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure since the number of capital outlay projects and the amount of capital outlay spending are functions of the state's available debt capacity which is not impacted by the proposed change to non-state entity projects. The line of credit for non-state entity projects are currently limited to no more than 25% of the cash line of credit for projects, therefore the same total amount will be appropriated for non-state entity projects. Enactment of the proposed legislation may encourage some water systems to apply for capital outlay funds since a local match is not required. This may impact how the total line of credit for non-state entity projects are allocated on a per project basis.

## REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
